

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

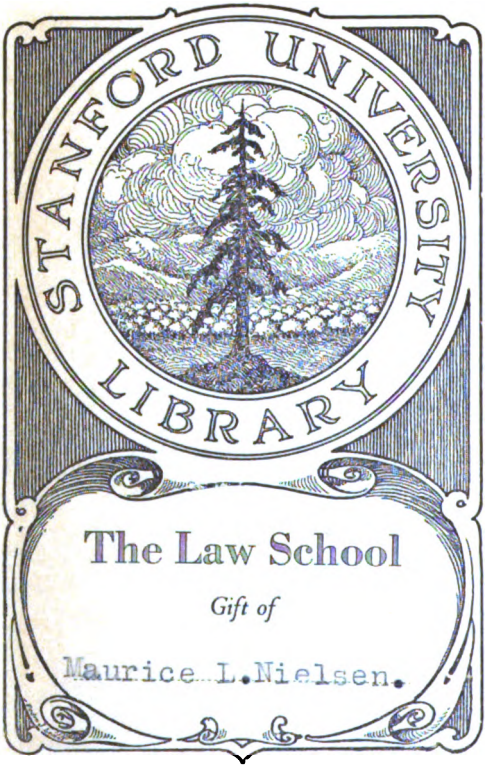

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

[No. 1, S.] [Published January 27, 1882.]

CHAPTER 1.

AN ACT to amend sections 2010, 2011 and 2012 of the revised statutes, relating to mutual loan and building societies.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. Section 2010 of the revised statutes is hereby amended by inserting after the word "of," in the third line of said section, the words: "Not less than twenty-five nor more than," so that said section shall read as follows: Section 2010. The capital stock of any such corporation shall not exceed five hundred thousand dollars, and shall be divided into shares of not less than twenty-five, nor more than two hundred dollars each. If any such corporation, heretofore or hereafter organized, shall have a capital stock less than the sum of five hundred thousand dollars, it may, in the manner prescribed in section one thousand seven hundred and seventy-four, increase its capital stock to any amount not exceeding the limit hereinfore fixed. But the resolution proposing such increase must be offered at the regular meeting next preceding the meeting at which the same shall be voted upon; payments for such stock shall be made in installments not exceeding two dollars each, on each share, at such time and place as the by-laws shall prescribe; and every share of stock shall be subject to a lien for the unpaid installments and other charges incurred thereon. The by-laws shall prescribe the form and manner of enforcing such lien. The stock may be issued in one or more successive series, in such amount as the board of directors or the stockholders may determine, and new shares of stock may be issued in lieu of shares withdrawn or forfeited. Any stockholder wishing to withdraw from the corporation may do so by giving thirty days' notice of such intention, and shall then be entitled to receive the amount paid in by him and such proportion of the profits as the by-laws may prescribe, less all fines and other charges due such corporation;

but no stockholder whose stock is held in pledge for security shall be allowed to withdraw; and at no time shall more than one-half of the funds then in the treasury be applicable to the demands of withdrawing stockholders without the consent of the board of directors. Upon the death of a stockholder, his legal representatives shall be entitled to receive the full amount paid in by him and legal interest thereon, first deducting all charges that may be due on the stock; but no fines shall be charged to a deceased member's account after his decease, unless his legal representative shall have assumed the future payments on the stock.

By-laws to provide for ratio and manner of voting.

SECTION 2. Section 2011 of the revised statutes is hereby amended to read as follows: The by-laws of every such corporation shall provide for the ratio and manner of voting by its members, and fix the time of holding periodical meetings at which the money in the treasury shall be offered for loan in open meeting and the stockholder who shall bid the highest premium for the loan shall be entitled to a loan of at least the full amount of a share for each share of stock held by him, but not exceeding the sum then in the treasury and offered for loan, upon giving good and ample security upon property situate in the county where such corporation is located, or such other ample security as the board of directors may accept, for the repayment of the loan; provided that a stockholder may borrow such fractional part of the full amount of a share as the by-laws may prescribe. In case the borrower shall neglect to offer security or shall offer security that is not approved by the board of directors, within the time prescribed by the by-laws, he shall be charged with one month's interest, together with any expense incurred, and the money shall be reloaned at the next periodical meeting. The premium bid by a borrower may be by a certain sum or percentage on the loan, to be deducted in advance from the loan, or may be by certain periodical payments during the existence of such loan, as the by-laws may prescribe. In case of the non-payment of installments on shares, interest or premium by borrowing stockholders for the space of six months after due, payment of the whole principal and interest, without deduction of any premium paid, or interest thereon, may be enforced by proceedings on their securities according to law.

A borrower may repay a loan at any time, and in case of repayment thereof before the expiration of the term for which the loan was made, there shall, in all cases where such premium was deducted from the loan in advance, be refunded to such borrower such proportion of the premium paid as the part of the term unexpired bears to the whole term of the loan; and when a loan is collected by process of law, and the amount collected by the corporation exceeds the amount of the loan taken by the borrower, with the interest and charges, the money shall be reloaned at the next periodical meeting, and the excess recovered beyond the amount required to pay the loan, with interest and charges, shall be returned to the borrower from whom the money was collected, or his legal representatives; but in case the corporation shall have issued its stock in series, such reloan shall be made only to stockholders of the same series, and if the premium received for the reloan shall be greater than that originally given by the defaulting borrower, no part of such excess of premium shall be paid to him. Any defaulting borrower may, at any time after the securities given by him have been collected by such corporation, withdraw his stock upon the same terms prescribed in section two thousand and ten, but the corporation may retain out of the moneys due upon such withdrawal so much as may be requisite to save it from loss, in case the amount so collected shall not be sufficient to pay his loan with interest and charges. Borrowers may repay at any time.

SECTION 38. At the time fixed in said notice for the appointment of such jurors, the judge named in said notice, upon proof of the service of the same on the owner or owners of the premises described in such notice, which proof shall be made in the same manner as is now required to make proof of the service of a summons in civil actions in courts of record in this state shall appoint twelve competent persons, having the qualification of jurors in and for the county of Dunn, and not residents of the ward in which such premises are situated, not interested in such application, but residents of the city shall not be disqualified; provided, that if the owner of the land sought to be taken shall, before said judge shall appoint such persons, demand in writing that the jury be taken from any other county in such judicial circuit, then said judge shall appoint such jury from persons having the qualifications of jurors in such other county in the circuit as shall be designated by such land owner in his demand for the inquiry to be made respecting his lands. SECTION 41. After having made such view and heard such testimony as shall have been produced, the said jury shall, under direction of said judge, deliberate apart and return their unanimous verdict in writing, signed by them, in which they shall find and state whether it is necessary to take the whole of the lands described in such resolution for the purpose therein specified, or any part thereof, describing particularly the part to be taken, if they find only a part thereof so necessary. Such verdict, with all the papers, proceedings and testimony had before him and said jury, shall then be forthwith filed by said judge with the clerk of the circuit court for Dunn county, together with a certificate by said judge that the same are the originals and the whole thereof. The clerk shall, on application, furnish a certified copy of the same or any part thereof, which shall have the same force and effect as the originals. The city attorney shall thereupon make application to the judge of the circuit court or judge of the county court for Dunn county, briefly setting forth the fact that the necessity for taking such premises has been so established by the verdict of a jury, and praying the appointment of three commissioners to appraise the damages of each and all of the several owners of such lands, and showing the amount of land,

Five days' notice of the time and place when such application will be presented to such judge, accompanied with a copy of such application, shall then be served on each owner in the cases when required and in the manner provided in section thirty-six of this act. At the time and place designated, such judge shall hear all parties interested who appear, and shall appoint three disinterested and reputable freeholders of said county as such commissioners, by his order in writing, to ascertain and appraise the compensation to be made to the owners of or persons interested in the land so found necessary to be taken, and fix the time and place for the first meeting of said commissioners.

Value of buildings to be estimated.

SECTION 43. If there should be any building standing, in whole or in part upon the lands to be taken, the commissioners before proceeding to make their assessment, shall first estimate and determine the whole value of such building to the owner aside from the value of the land, and the injury to him in having such building taken from him; and secondly, the value of such building to remove.

Notice to be given.

SECTION 44. At least ten days' personal notice of such determination shall be given to the owner or his agent, if known and a resident of the city, or left at his usual place of abode. If the owner shall agree to remove such building, he shall have such time for this purpose as the common council shall allow.

Building may be sold.

SECTION 45. If the owner refuse to take the building at the value to remove, or fail to give notice of his election as aforesaid within the time prescribed, the council shall have power to direct the sale of such building at public auction, for cash, giving ten days' notice of such sale. The proceeds shall be paid to the owner or deposited for him in the city treasury.

A majority of them may adjourn the proceedings before them from time to time, in their discretion. They shall cause notice to be given to each party interested of the time when and the place where they will meet to consider the amount of compensation to which he is entitled, which notice shall be personally served on such party, or his authorized agent or attorney, or by leaving the same at his residence or place of business, with a person of suitable age and discretion, at least six days before the time of such meeting. If such party is a non-resident of this state, or his residence is unknown, and he has no authorized agent or attorney in this state, such notice shall be published in a newspaper as aforesaid for such length of time as the court or judge appointing said commissioners shall direct. The commissioners shall file a proof of such notices, or of the appearance of such parties before them, either personally or by attorney, with their report. But it shall not be necessary to serve or publish notice of any subsequent meeting held pursuant to adjournment.

Commissioners shall award damages.

SECTION 47. The commissioners shall view the premises described in the petition, and hear the allegations of the parties, and shall appraise, ascertain and determine the value of each tract or parcel of land proposed to be taken, with the improvements thereon, and of each separate estate therein, and the damages sustained by the owner by reason of the taking thereof, and fix the amount of compensation to be made to each of such owners therefor; and in fixing the amount of such compensation, said commissioners shall not make any allowance or deduction from the value of the real estate taken on account of any real or supposed benefits which the parties in interest may derive from the construction of the proposed improvement, for which such real estate may be taken; but special benefits to the real estate adjoining the lands so taken shall be allowed in deduction of any damages sustained by the owner to such adjoining real estate. In case of any building on the land, and proceedings shall have been taken as provided in sections 43, 44 and 45, the said commissioners shall include the value of such building as estimated by them, less the proceeds of the sale thereof, or if taken by the owner at the valu

A majority of the commissioners, all being present, shall be competent to determine all matters before them. The commissioners shall, within twenty days after viewing any of the lands so taken, make and file in the office of the clerk of the circuit court of such county, a report of their proceedings concerning such lands, setting forth the award made for each tract or parcel thereof, or separate estate therein, to the owner or owners thereof. The commissioners shall be entitled to such compensation as the court may direct, which shall be paid by the city.

If lands or buildings belong to separate parties.

SECTION 48. If the lands or buildings belong to different persons, or if the lands be subject to lease, judgment or mortgage, or if there be any estate in it less than an estate in fee, the injury done to such person or interest respectively, may be awarded to them by the commissioners, less the benefits resulting to them respectively from the proposed improvement.

SECTION 49. Whenever the commissioners shall have completed their duties and filed the report of their proceedings and determination as before provided, the common council may, if they shall deem it expedient by resolution or ordinance order such improvement to be made, and the land which has been so found necessary to be taken therefor to be taken and used; and in such case the city shall be absolutely liable to the owner or owners or parties entitled thereto for all compensation that may be established against said city therefor; and the council may also in that case make an assessment of the compensation to be paid therefor, with the costs of proceedings, or such part thereof as they shall determine to be just, upon the lands found by them to be directly benefited by such improvement in such proportion to the benefits enjoyed as they shall determine. If the council shall not deem it expedient to make such improvement, they may, by resolution, order all further proceedings to be discontinued.

SECTION 50. Any person being dissatisfied with the amount of compensation for property taken, or the amount assessed as benefits, shall have the right to appeal to the circuit court within twenty days from the time of awarding of compensation or assessment of benefits, by serving on the mayor or city clerk a notice of appeal therefrom, and giving a bond to the city in not less than one hundred dollars, to be approved by the

The common council may appeal in behalf of the city by giving notice to the opposite party without giving bond. Upon filing such notice with the clerk of the circuit court the appeal shall be considered an action pending in court for trial there as other actions, and shall be entered by the clerk upon the records of the court by setting down the party appealing as plaintiff and the other party as defendant. Such appeal shall be tried by jury, unless a trial by jury be waived by both parties; costs shall be allowed to the successful party, in accordance with the conditions of said bond.

If such city be in possession or put in possession of such land, pending an appeal, the owners or parties entitled thereto shall be entitled to receive the money paid into court or set apart in the city treasury on account of the award appealed from, without prejudice to the appeal taken, but if the city shall have appealed, such money shall only be so withdrawn by leave of court, upon filing a bond in such sum and with such surety as shall be approved by the court or judge, to repay the amount by which such award shall be abated on such appeal, with costs. If any defect of title to or incumberance upon any parcel of the premises shall be suggested in said petition, or if any party to said proceeding or any person not a party shall petition to the said court, setting up a claim adverse to the title set out in said petition to said premises, and to the money or any part of it to be paid as compensation for the property so taken, the court shall hear and determine the right of the parties to said money, and for that purpose may order a refer-

Manner of serving notice.

SECTION 2. It shall thereupon cause to be made by the city clerk a notice of the adoption of said resolution, embracing a copy thereof, and notifying all parties interested that the common council will, at the time and place named, apply to the county judge for the appointment of a jury to condemn and appraise such lands. He shall hear and decide any challenges for cause or favor made to any one, and if sustained shall replace his name with an unobjectionable juror, until the list shall be perfected. Thereupon, under direction of said county judge, each party, the common council by the city attorney of said city on one side, and the owners of land or their agents present, or if none be present, or if they disagree, a disinterested person appointed by the county judge on the other, shall challenge six names, one at a time, alternately, the common council beginning. To the twelve jurors remaining, the county judge shall issue a precept, requiring them at an hour, on a day named, not more than ten nor less than three days thereafter, to appear before him to be sworn and serve as a juror to view lands and appraise damages, in the said proceedings, and at the same time shall publicly adjourn the proceedings to the time and place so named; such precept shall be served by the street superintendent or any policeman of said city, at least one day before such appointed time, by reading the same to each such juror, or by leaving a copy at his usual place of abode in presence of a member of his family.

Any technical error in such verdict may be immediately corrected, with the consent of the jury, and shall be thereupon discharged, and its verdict filed by the county judge. In case the jury shall fail to find a verdict, another jury shall be then and there selected, and shall be summoned and sworn, and shall proceed in the same manner.

Land owner may appeal.

SECTION 6. Within ten days after such verdict, any land owner whose land has been found necessary to be taken, may appeal from the award of damages to him in such verdict, to the circuit court, by filing with such county judge a motion of appeal, specifying whether the appeal is from the whole award to him or a part, and if a part what part, and therewith an undertaking with two sufficient sureties to be approved by the county judge, to pay all costs that may be awarded against such appellant on appeal, and paying said county judge for his return thereof. SECTION 7. Upon filing such transcript in the circuit court, the appeal shall be considered an action pending in such court, and be so entered, the land owner as plaintiff, the city as defendant, and be subject to a change of place of trial, and appeal to the supreme court. The appeal shall be tried by a jury unless waived; and costs shall be awarded against the appellant, if a more favorable verdict be not obtained than the one appealed from; otherwise, against the respondent. Upon entry of judgment the clerk of the circuit court shall transmit a certified copy thereof to the city clerk.

At any time before causing any such land to be actually taken or put to public use, and before the rendition of a judgment in the circuit court for damages, the common council may discontinue all proceedings theretofore taken, and the city shall in such event be liable for the costs only. All the costs of every such proceeding shall be paid by the city, except when it recovers costs in the circuit court or supreme court. Every person signing such petition shall write after his signature a brief description of his real estate which makes him such freeholder or of some part thereof, and of the place of his residence in the city. There shall be presented to the common council at the same time with said petition and annexed thereto a bond executed by the petitioners or other parties to the city of La Crosse, in the penal sum of five hundred dollars, with sureties to be approved by the common council, conditioned for the re-payment to said city of all charges which the city may pay or become liable to pay in consequence of such application, in case the jury to be appointed as hereinafter mentioned shall by their verdict decide against the necessity of taking the lands mentioned in the petition. Upon the presentation of such petition and bond, the same shall be referred to a committee to inquire and report at a subsequent meeting as to the form and sufficiency of such bond, and as to whether the petitioners are residents and freeholders of the ward in which the lands are situated. If said committee shall report in writing that ten of the petitioners are residents and freeholders in said ward, and the common council shall adopt such report, then said petition shall be valid and effectual, although it may afterwards appear that such petitioners or some of them were not such residents and freeholders.

Such notice shall be published in the official paper of said city at least once in each week for four weeks. A copy of such notice shall

be served by the chief of police or policeman of said city upon every actual occupant of any part of such lands, and upon every person owning or claiming to own or have any interest or estate of record in or to said lands, or any part thereof, who shall appear from the verified application mentioned in the next section hereof to be a resident of the city of La Crosse, such service to be made in the manner prescribed by law for the service of a summons in an action in the circuit court; and the sworn return of the officer shall be conclusive evidence of the facts stated therein. As to all owners or occupants of such lands proposed to be taken or of any interest therein or any part thereof, as to all guardians or committees of any such owner or owners, as to all corporations having no officer residing in said city of La Crosse upon whom service can be made, and as to all persons, corporations and officers whatever, who shall appear from said verified application or otherwise to be unknown or non-residents of the city of La Crosse, or whose place of residence shall appear from said application or otherwise to be unknown, said publication in the official paper of said city shall be a sufficient service of such notice upon them and each of them. Personal service, when required, shall in all cases be made at least three days prior to the date of the application fixed in the notice.

What certificate shall contain.

SECTION 9. Section 4 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 4. On or before the time appointed in said notice there shall be filed with the judge or justices named therein, the resolution or resolutions, or the petition or petitions, with the bond or bonds annexed, referred to therein, on which the city clerk shall have endorsed or have annexed thereto his certificate that the same is the original petition and bond or resolution referred to in the notice, including in said certificate a certified statement from the records of the common council of all the proceedings upon the reception, reference, approval and adoption or passage thereof; and the city attorney shall present therewith an application, signed by him, for the appointment of a jury. Such application shall refer by general description to the lands mentioned in the published notice, and shall also describe by some sufficient description each several tract of land the whole or any part of which is proposed to be taken and appropriated. It shall contain with the description of each several tract or parcel the name of the party or parties in pos-

session of, or who own or have or claim to own or have any estate or interest of record in or to the same, and the places of residence of each and all such parties, if known; and if any of such parties are known to be infants, persons of unsound mind, or under guardianship for any cause, or if any such owners or occupants are unknown, or their residence is unknown, or if they are known to be non-residents of the city of La Crosse, such fact shall be stated. Such application shall be verified by the city attorney or some other person who shall make oath that he has investigated and inquired into the matters therein stated or the same may be verified by the several affidavits of two or more persons, each verifying as to any facts or class of facts therein stated which may have been investigated, and inquired into by him. Such verification or verifications shall be sufficient if made substantially in the manner allowed by statute for the verification of a pleading by a party to an action. There shall be attached to such application a plat or plats of the land to be taken, showing as near as may be the several separate tracts the whole or parts of which are proposed to be taken and condemned, and having marked thereon, as near as may be, the whole amount of land in each such several tract, and the amount thereof proposed to be taken. At the time and place named in such notice, such judge or justice shall make a list of twenty-four persons, not interested, having the qualifications of jurors in the circuit court of La Crosse county and residents and freeholders of said city. He shall hear and decide any challenges for cause or favor made to any one, and if such challenge be sustained shall replace the name of the person challenged with an unobjectionable juror, until the list shall be perfected. Thereupon, under direction of such magistrate, each party, the city by its representative on the one side, and the owners of the land or their agents present, or if none be present, or they disagree, a disinterested person appointed by the judge or justice, on the other, shall challenge six names, one at a time, alternately, the city beginning. To the twelve jurors remaining, such judge or justice shall issue a precept, requiring them at an hour, on a day named, not more than ten nor less than three days thereafter, to appear before him to be sworn and serve as a jury to view lands and appraise damages, and at the same time shall publicly adjourn the proceedings to the time and place so named. Such precept shall be served by the chief

of police or a policeman of said city, at least one day before such appointed time, by reading the same to each such juror, or by leaving a copy at his usual place of abode in presence of a member of his family. After striking said jury and before adjournment as aforesaid, the judge or justice shall then and there make a further list of persons possessing the qualifications of jurors in such cases, to whom no objections are made by the parties or any of them. If at any time prior to the day named in the precept, the magistrate shall learn from the return of the officer thereto, or otherwise, that any juror or jurors named in the precept will be unable or unwilling to attend, or should be excused by him, he may by indorsement on said precept appoint others in their stead, in all cases taking such substitutes from the persons named in said last mentioned list, and the precept shall be served on the persons so substituted as above provided, at any time before the hour named in the same. If upon the day appointed in said city clerk's notice it should appear that any person, a resident of the city of La Crosse, and not present at such hearing, and entitled to personal service of notice, has not been properly served therewith, whether such person be named in the verified application or not, the judge or justice shall orally adjourn such hearing long enough to allow proper service to be made upon such person. And no further notice of such hearing need be given to any other parties. And if any person so served with notice be a person of unsound mind or an infant having no guardian or committee living in said city, the judge or justice shall, on the day fixed for hearing such application, appoint for him a guardian for the purpose of such proceeding, who shall act for such ward; for which purpose also the magistrate may orally adjourn such hearing, and notice may be served upon a guardian so appointed at any time before the actual hearing. Such magistrate, upon application to him therefor may appoint such guardian at any time previous to the day fixed in the notice. It shall not be necessary to appoint as such guardian an attorney at law, and the person so appointed shall be subject to the same rules as to giving security as provided by statute in case of guardians ad litem appointed in the circuit court, such security, when required, to be approved by the county judge or justice.

Jurors summoned shall appear at time and place named.

to read as follows: Section 5. The jurors summoned shall appear at the time and place named. If for any reason a full jury be not present, or any be excused by the magistrate, he shall direct other qualified and disinterested persons to be forthwith summoned in their stead, until twelve be obtained. Persons so summoned as talesmen shall be subject to challenges for cause or favor, which shall be heard and decided by the magistrate, and either of the parties, the city by its representative on the one side, and the owners of land or their agents present, or if none be present or they disagree, a disinterested person, appointed by the judges or the justice, on the other, shall have the right to challenge peremptorily three of the persons so summoned as talesmen. The magistrate may adjourn the proceedings from time to time, for such length of time as may be necessary to procure the empaneling of a full jury. When such jury shall have been obtained, the magistrate shall administer to them an oath, that they are freeholders of said city and not interested in the property mentioned in the application, and that they shall well and truly inquire into and determine the necessity of taking the said lands, and if found necessary, the damages occasioned thereby, and faithfully discharge their duties as jurors according to law.

Jury shall view the lands to be taken.

SECTION 11. Section 6 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 6. Under the direction of such magistrate, and accompanied by him, the jury shall view the lands to be taken, and shall then sit before him at his office or any other more convenient place to which he shall orally adjourn the proceedings, to hear such competent evidence as shall be produced by any party; and for such purpose such magistrate shall possess the same powers as a court in session, with a jury, and if there be necessity may adjourn the sitting from day to day. The jury shall render a separate, unanimous verdict, in writing, signed by them, in which they shall find whether it be necessary to take such lands, or any part thereof for such purposes, describing in such unanimous verdict the whole body or bodies of land which they find necessary to be taken. If any be found necessary to be taken, the jury shall make a separate verdict or assessment of damages, in which they shall set down the description, as near as may be, of each tract or parcel of land the whole or any part of which is condemned, and the whole amount of damage done to the owner or owners

thereof by taking of the whole or any part thereof, apart from any damage to buildings thereon, without any deduction for benefits of any kinds or nature. If any such tract or parcel of land, taken in whole or in part, be subject to lease, mortgage or other lien, or if there be any estate therein less than a fee, the injury done to the owner or owners thereof respectively, shall be awarded to them by the jury. If there be any building or buildings, standing wholly or in part on the land taken, the jury shall estimate and determine, first, the whole value of the same to the owner aside from the value of the land, and the injury to him in having such building taken from him, and secondly the value of such building to the owner to remove, both of which valuations shall be stated. The fact that any such building belongs to a person or persons other than the owner or owners of the land, if known, and the name of the owner or owners of such building, if known, shall be stated, and the award of damages on account of such building shall be made to the owner or owners thereof, when the land and building belong to different parties. Such verdict or appraisement of damage shall be valid and sufficient if signed by a majority of the members of said jury. Any technical error in such verdict may be immediately corrected, with the assent of the jury. And they shall be thereupon discharged, and their verdict be filed by the magistrate. In case the jury shall disagree as to the necessity of taking the whole or any part of the lands mentioned in the application, the magistrate shall make a list of twenty-four jurors, from whom to empanel a jury to pass upon the questions left undecided, and shall proceed therewith in all respects as for the empaneling of the first jury, as hereinbefore directed. If at least seven members of the jury cannot agree upon a verdict or assessment of damages, the magistrate shall in like manner proceed to empanel a new jury, for the purpose of passing upon the question of damages, but it shall not be necessary to serve or publish any new or additional notices of the empaneling of a new jury for either of said purposes. From the time of the publication and service of the notice mentioned in section 3 of this chapter, all persons served with such notice, in the manner therein prescribed, shall be held to have notice of all subsequent proceedings, before such magistrate, in the matters mentioned in said notice to the rendition of a verdict assessing damages,

and to be bound thereby. When the jury have agreed upon their verdict or verdicts, the magistrate may orally adjourn the proceedings to such time, as may be necessary, to reduce the same to form, and to a time when they shall appear before him and sign the same.

Appeal, how taken.

SECTION 12. Section 7 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 7. Within ten days after such verdict, any person owning any interest in any land, or the owner of any building, not the owner of land found necessary to be taken, may appeal from the award of damages to him in such verdict to the circuit court, by filing with such magistrate a notice of appeal, specifying whether the appeal is from the whole award to him or a part thereof, and if a part thereof, what part; and shall also state the amount which he claims should be awarded him in excess of the amount awarded by the jury. He shall present therewith an undertaking in the sum of five hundred dollars, with two sufficient sureties, to be approved by the magistrate, to pay all costs that may be awarded against such appellant on the appeal, and shall pay the magistrate two dollars for making his return, and one dollar for state tax. The fees of the magistrate in the proceeding and the expense of making a copy of such papers and proceedings, for the purpose of said appeal, shall be paid by the city, the cost of such copy not to exceed six cents per folio. Any party, not so appealing shall be forever concluded by such verdict and appraisement. Upon an appeal being taken the magistrate shall transmit to the clerk of the circuit court at least fifteen days prior to the next ensuing term thereof, the notice of appeal and undertaking, and thereto annexed a copy of all the papers and proceedings before him, with his certificate thereof. If more than one appeal be taken, but one copy of the papers and proceedings shall be transmitted to the circuit court with the first notice of appeal and undertaking filed. The magistrate may refer to said copy by endorsement upon any subsequent notices of appeal. Should a change of venue be taken in any of said appeals, the city shall pay the cost of the copy required therefor in the first instance. He shall, after the time for appealing is expired, file with the city clerk, annexed together, all the original papers including the verdicts, with a certificate by him thereof, and that no appeal has been taken from the assessment of damage therein, except as the facts are, which he shall briefly specify; and the clerk shall preserve the same

in his office. The city may, in like manner appeal from any award of damages, by filing notice of appeal and undertaking, in like manner, at any time within ten days after the meeting of the common council held next after the rendition of the verdict.

Notice of appeal, etc.

SECTION 13. Section 8 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 8. Upon filing such notice of appeal, undertaking and copy of the proceedings in the circuit court, the appeal shall be considered an action pending in such court, and be so entered, the owner of the land or building as plaintiff, the city as defendant, and be subject to a change of place of trial and appeal to the supreme court. The court shall permit any person or persons interested in the damages mentioned in the notice of appeal to become parties to such appeal upon their petition setting forth the nature and extent of such interest. The appeal shall be tried by a jury unless waived, and costs shall be awarded against the appellant if a more favorable verdict be not obtained; otherwise against the respondent. Upon entry of judgment the clerk of the circuit court shall transmit a certified copy thereof to the city clerk.

Council may confirm or reject.

SECTION 14. Section 9 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 9. At the first meeting of the common council held next after the filing of the magistrate's return in the office of the city clerk, as prescribed in section 7 of this chapter, said council may confirm or reject the whole or any part of the verdict of condemnation and assessment of damages, and all proceedings shall abate as to the whole or any part rejected, and all the costs of the proceedings, or the proportion thereof which the allowance of damage on the part rejected bears to the aggregate allowance of damages, shall be paid out of the general fund of the city; or said common council may refer the same to a committee to examine and report upon the same at a future meeting, and upon receiving the report of such committee the council may confirm or reject the whole or any part of the verdict and award with like effect as hereinbefore in this section stated. In case any appeal shall have been taken by any person interested in lands or buildings condemned, or upon petition of any such person without appeal, the common council, by a vote of two-thirds of all the members elect thereto in favor thereof, shall have power to increase any award of damages made by the jury, conditioned upon the with-

drawal of the appeal when appeal has been taken; and any award of damages, as fixed by the vote of said council in any such case, shall be substituted for and have like force and effect as the award of the jury originally made.

In case appellant is settled with when no buildings are on the land.

SECTION 15. Section 10 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 10. In case no appeal shall have been taken, or the common council shall have settled with the appellant, as provided in the next preceding section, and there shall be no buildings on the land taken, the common council, after confirmation of the whole or any part of the verdict and assessment of damages, shall, by a resolution, appropriate and set apart in the hands of the city treasurer, a sum of money equal to the whole amount of damages awarded by the jury, or so much thereof as is contained in the portion of said verdict and assessment confirmed by said council, and shall at the same time direct the city clerk to certify to said treasurer forthwith a copy of said assessment of damages, or of so much thereof as said council may have confirmed. The city clerk shall publish in the official paper of said city, for ten days, a notice entitled in the matter of the proceeding of the passage of said resolution, and that the awards of damages therein are ready to be paid by the city treasurer of said city at his office. Said city treasurer shall pay said awards upon demand to the person entitled thereto, taking from each a receipt, describing the tract of land, for the whole or part of which such damages are awarded. At any time after said ten days' notice shall have been given by the city clerk in the official paper, the city may enter upon and appropriate such property to the use for which the same was condemned; and the same shall thereafter be subject to all the laws and ordinances of the city to the same extent as streets, alleys and public grounds heretofore opened or laid out. The claimant of such damages shall in all cases furnish an abstract of title showing himself entitled to the same before they shall be paid to him. If in any case there shall be any doubt as to who is entitled to the damages for land taken, the treasurer may require of the claimant a bond to said treasurer, for the use of said city, with good and sufficient sureties, to hold said city harmless from all loss, costs and expenses in case any other person should claim and recover said damages or any part thereof.

SECTION 16. Section 11 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 11. In case no appeal shall have been taken, or the council shall have settled with the appellant as hereinbefore provided, and there shall be any building or buildings upon any portion of the land condemned, the common council, upon confirmation of the whole or any part of the verdict and assessment, but before making the appropriation mentioned in the next preceding section, shall cause a notice to be signed by the city clerk, to be given to the owner and occupant, if any, of any such building, that the owner is required to file with the city clerk, within a time therein to be named, a written notice of election to accept the award of the jury as to such building, and allow the same to be taken with the land appropriated, or of his or their intention to remove such building at the value set thereon by the jury to remove. If the owner be a resident of said city of La Crosse, such notice shall be personally served upon him by the chief of police or a policeman of said city in the same manner provided by law for the service of a circuit court summons. The affidavit of any police officer of said city, that he has attempted to serve said notice personally, and that he has not been able to find any such owner in said city, and that he has been, for any reason, unable to make such service as hereinbefore provided, shall be conclusive evidence of due diligence, and that such owner is a non-resident of said city, and thereupon the city clerk may publish in the official paper of said city a like notice addressed to the owner of such building by name, if known, and if not known, then to all parties interested, requiring him or them to file in his office, within a time therein designated, like notice of election and intention, as hereinbefore required. Such notice shall be published in said official paper once a week for three successive weeks, and the time therein designated shall be not less than thirty days from the date of the first publication of said notice. If the owner shall give or cause to be given within the time prescribed, notice of his intention to remove the building, at the value set thereon by the jury to remove, he shall have such time for that purpose as the common council may allow, and the amount of damages to be paid on account of said building shall thereby become fixed at the amount of the difference between the value of said building

to the owner, and its value to remove as assessed by the jury or amended by the common council before confirmation. If the owner shall give or cause to be given, within the time prescribed, notice of his refusal to take the building at the value set thereon to remove or fail to give within the time aforesaid any notice at all, the amount of the damage to be paid to the owner on account of said building, shall thereby become fixed at the amount of the value of such building to the owner as assessed by the jury, or amended by the common council. After the final determination of the amount of the damages to be paid on account of any building or buildings as aforesaid, the common council may proceed by resolution to appropriate and set apart in the hands of the city treasurer, a sufficient amount to pay the whole of the damages as directed in the next preceding section; and proceedings shall be taken for the payment of the same in the same manner and with the same effect as in said section prescribed. If any such building which the owner refuses to take at the value set thereon to remove, cannot be sold at private sale for as much or more than the value thereof to the owner as fixed by the jury and confirmed by the council, said common council may direct the chief of police to sell the same at public auction, giving such notice of sale as the common council may direct. A bill of sale of such building, upon such sale executed by said chief of police to the purchaser, shall vest in such purchaser the absolute title and right of possession in and to any such building, and shall entitle such purchaser, his agents or servants, to go and remain on the land on which such building may stand, or on any land adjoining the same, whether public or private, so far as may be necessary for the purpose of removing such building. Such time may be allowed the purchaser for the removal of any such building as the common council may deem just, but such time shall be stated in the notice of sale, when the building is sold at auction. The proceeds of any such sale shall be paid into the treasury and belong to the general fund.

In case appellant is not settled with.

SECTION 17. Section 12 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 12. In case any appeal is taken and the common council shall not settle with the appellant, as provided in section 10 of this chapter, said common council may proceed in all respects according to the circumstances as prescribed in the next two preceding sections, except that it shall not appro-

priate and set apart in the hands of the treasurer the amounts of damages appealed from, nor attempt to remove or dispose of any building, or to enter upon or open for public use, without the consent of the owner, any land which is the subject of any such appeal; but the common council may proceed as aforesaid to fix the amount of damage to be paid on account of all other buildings, and to provide, as aforesaid, for the payment of the same and of damages to all other lands and may open and use the same for the purposes for which they were condemned, without waiting for the determination of such appeal. Upon the final determination of such appeal, if judgment be in favor of the appellant, said judgment shall be paid by the city out of the general fund; and any condemned land which was the subject of such appeal, shall thereby become the property of the city for the purposes for which it was condemned, and any building which was the subject of such appeal, shall become thereby the absolute property of the city, and may be sold by the city, and the proceeds be paid into the general fund, and the purchaser shall have the same right, upon such sale, as mentioned in section 11 of this chapter. If the judgment be in favor of the city for costs, and the amount of such costs equal or exceed the amount of the assessment appealed from; or if the city shall pay or tender or cause to be paid or tendered to the appellant or his legal representative or attorneys in the appeal suit, or deposit for his use in any bank in said city, the amount of the excess of such assessment over such costs, such condemned land or buildings, or both shall thereby become the property of the city to the same extent and for the same purposes as in case of a payment of judgment by the city, as above set forth. If the appeal be from the valuation put by the jury on a building to remove, the appellant shall be held to have elected to remove such building, and judgment, if in his favor, shall be for the difference between the whole value of the building to the owner, assessed by the jury in the original verdict, and the value thereof to remove, as fixed by the court or jury, on trial of the appeal, besides costs, and upon payment of such judgment the common council may require the appellant to remove such building, or in default thereof may cause the same, or so much thereof as stands on the land condemned, to be torn down by the street commissioner, doing no unnecessary damage to the part left standing, and the expense thereof, when certified to and audited by the common council to be

charged as a special tax on adjoining lands of the owner, or the city may sue for and recover such expense from such owner by action at law. If on such last mentioned appeal judgment for costs be given in favor of the city, and the amount of such costs equal or exceed the difference between the two valuations placed upon such building by the original jury, or if the city shall pay or tender, or cause to be paid or tendered, to the appellant or his legal representatives or attorneys in the appeal suit, or deposit for his use in any bank in said city the amount of the excess or such difference between said two valuations over the amount of such costs, the common council may thereafter proceed in reference to said building, in the same manner and with the same effect as upon payment of a judgment against said city upon such appeal. No person shall be allowed to appeal from the valuation placed by the jury upon the building to the owner, and also from the valuation placed thereon to remove, but shall elect which of such two valuations he will appeal from. Not more than one appeal shall be allowed from any award of damages, but any party, claiming an interest adverse to any appellant, may be made a party to the appeal suit in the circuit court, as hereinbefore in this chapter provided.

Money to be appropriated for awards of damages.

SECTION 18. Section 13 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 13. A sufficient amount of money to pay all awards of damages made by the jury and confirmed by the common council, and from which no appeal has been taken shall be appropriated and set apart for that purpose, in the hands of the city treasurer, as provided in sections 10, 11 and 12 of this chapter, within one year from and after confirmation of such award by the common council. In case of appeal and final determination thereof in the circuit or supreme court, with judgment against the city, such judgment shall be paid within six months after the rendering and docketing thereof.

Council may enact an ordinance within one year, etc.

SECTION 19. Section 14 of chapter 5 of the act to which this act is amendatory is hereby amended so as to read as follows: Section 14. At any time within one year after the appropriation of money to pay damages, and publication of notice thereof as required in section 10 of this chapter, the common council shall have power to enact an ordinance laying out, changing, widening or extending and opening any street or streets, alley or alleys, lane or lanes, public ground or

grounds, square or squares, or other public place or places, for which the land shall have been condemned, and by suitable penalties in such ordinance provide for and enforce and compel the removal of all fences and buildings or other obstructions therefrom. Any lands or buildings, in reference to which an appeal may be pending at the time of the passage of such ordinance, shall not become subject to the provisions thereof until from and after the settlement and determination of such appeal in the manner hereinbefore provided, unless the common council shall have made an amicable settlement of such appeal before judgment. Upon the passage of such ordinance, the city clerk shall file with the register of deeds such list of lands as is required by chapter 319 of the laws of 1881, including therein the lands in reference to which appeals may be pending, as well as those for which the damages have been appropriated. Notice to be posted or published.

SECTION 6. The treasurer shall, immediately upon the receipt of such special assessment roll give notice in the official paper of the city, if there be one, if not, in some newspaper published in the city, that such roll is in his hands for collection, and if the several amounts are not paid within fifteen days thereafter, he will proceed to levy and collect such assessment by distress, which levy he is hereby authorized to make, and when made, to proceed and sell in all respects, as near as may be, in the manner now provided for the collection of state, county and city taxes.

When land is returned as delinquent.

SECTION 7. It shall be lawful for any interested party to pay said assessment and penalty to the city treasurer at any time before the same shall be inserted in the tax roll, and the city treasurer shall give to the person making such payment a proper receipt therefor, and the treasurer shall forthwith file a duplicate copy of such receipt with the city clerk; and such payment shall discharge such lots or parcels of land

Reports quarterly.

SECTION 8. The city clerk shall at the first regular meeting of the common council, in the months of January, April, July and October (or oftener if required) in each year, report to the common council the amounts of money so paid by him, and the particular lots or parcels of land on account of which the same was paid, and the treasurer's receipt for said amount shall be a sufficient voucher for said clerk; but he shall file the same in his office, charging the treasurer with the amount thereof. Whenever the treasurer shall make return according to law of delinquent taxes to the city clerk, the said treasurer shall be entitled to a city order upon himself, payable to the board of commissioners (of the proper ward), or order for the amount of such delinquent taxes, which, together with the money collected shall be passed over to the proper board of commissioners, taking their receipts therefor.

Amount of special assessments.

SECTION 9. The amount of special assessments, when determined as in this title provided, shall be and the same hereby is declared to be a lien in severalty upon the lots, pieces or parcels of land named therein, and no subdivision of lots shall be necessary in order to determine the proper property to be assessed, unless owned by different individuals in distinct party, and not then, unless such ownership is evidenced by actual occupancy, in parts or severalty.

Expense to be charged to property.

SECTION 10. The expense of any improvement of streets, highways, alleys or sidewalks (except the repairing of old walks) shall be charged to the property abutting the contemplated improvements, unless the commissioners shall deem the sectionizing of the street, highway or alley or sidewalks to be more equitable and just, which being determined, the expense shall be chargeable to the frontage along such section, but no section shall be less than one hundred feet. When such improvement shall be divided into sections, or when the whole expense shall be for distribution over the whole frontage improved, the said commissioners shall proceed as follows to determine the amount each lot or parcel of land shall pay: First, ascertain the number of front feet upon either side of the street, highway or alley for each section of the contemplated improvements, or for the whole distance thereof, as the

case may require, including cross streets or intersections; divide the whole expense of the improvement of the section or the whole length of the work, as the case may require, by the number of front feet abutting such improvement; then multiply the average expense of one foot thus found, by the number of front feet in the lots, parts of lots or parcels of land abutting upon such improvement, keeping each lot or parcel of land separate, whether the same belongs to the same person or not, but dividing the lots when the ownership in severalty is known, being evidence as before provided by actual occupancy. When the improvement shall be the grading or making of but one sidewalk upon one side of the street, highway or alley, or for both walks, but one for some cause shall differ materially in manner of construction from the other, then in either case the expense shall be assessed to the frontage upon the particular walks separately; provided, that whenever the owners or owner of any lot or parcel of land fronting any street, highway or alley upon which such improvement is proposed to be made, have already voluntarily made any improvement upon said street, highway or alley in front of his or her lots or parcels of land, of the same or similar kind or character of the proposed improvement, the board of commissioners shall ascertain the value of such voluntary improvement, and to that end shall have power to subpœna witnesses, administer oaths and take proofs (keeping a record thereof), and the value of such improvement when ascertained shall be added to the expense of the proposed improvement and assessed therewith, and when assessed, the value of such improvement so made by such owners as aforesaid, shall be accredited on his or her said lots or parcels of land; provided that no sum shall be assessed or credited for any voluntary improvement in front of any lot or parcel of land as provided in this section, exceeding the amount of tax properly chargeable to said lot or parcel of land, to defray the cost of such improvement.

SECTION 19. In determining the question of residence as a qualification to vote, the following rules, so far as applicable, shall govern, and if a person offering to vote be challenged as unqualified on the ground of residence, the inspector shall admonish him of such rules and put to him such further questions as shall be proper to elicit the facts in respect thereto, namely:

When residence is lost.

First. As prescribed in the constitution, no person shall be deemed to have lost his residence in this state by reason of his absence on business of the United States or of this state; and no soldier, seaman or marine in the army or navy of the United States shall be deemed a resident of this state in consequence of being stationed within the same.

er shall be considered and held to be his place of residence; but if a married man has not resided with his family for the space of one year, his residence shall be held to be his voting place.

Challenging votes.

SECTION 20. If the person challenged shall refuse to answer fully any question so as aforesaid put to him, the inspectors shall reject his vote. If the challenge be not withdrawn after the person offering to vote shall have answered such questions, one of the inspectors shall then tender to him the following oath or affirmation: You do solemnly swear (or affirm, as the case may be,) that you are twenty-one years of age; that you are a citizen of the United States (or that you have declared your intention to become a citizen conformably to the laws of the United States on the subject of naturalization); that you have resided in this state one year next preceding this election; that you are now a resident of this ward; that you have not voted at this election, and that you have not made any bet or wager or become directly or indirectly interested in any bet or wager depending upon the result of this election, and that you are not on any other ground disqualified to vote at this election. They shall commence by a comparison of the poll lists and the correction of any mistakes therein, until they shall be found or made to agree. The box shall then be opened and the ballots therein taken out and counted by the inspectors, unopened, except so far as to ascertain whether each ballot is single; and if two or more ballots be found so folded together as to present the appearance of a single ballot, they shall be laid aside until the count of the ballot is completed; and if, upon a comparison of the count and the appearance of such ballots, a majority of the inspectors shall be of opinion that the ballots thus folded together were voted by one elector, they shall be destroyed. If the ballots in the box shall be found to exceed in number, after any such ballots folded together are destroyed, the whole number of votes on the poll lists, they shall be replaced in the box, and one of the inspectors shall publicly draw therefrom by chance and without examination thereof and destroy so many ballots unopened as shall be equal to such excess. SECTION 24. The canvass being completed, the inspectors shall then publicly announce the result thereof, specifying the whole number of votes cast for each office, and each person to fill the same respectively, and for and against such proposition voted for at such election, and shall immediately draw up a statement in writing thereof, in duplicate, setting forth therein in words at length and in figures the whole number of votes given for each office at such election, the names of all the persons for whom such votes were given as shown upon the ballots, and the number of votes so

given for each person, and the number of votes given for and against each proposition voted for, if any, at such election, which statements they shall certify to be correct and subscribe with their names, and shall within three days thereafter file the same, together with the poll lists, in the office of the city clerk.

Defective ballots.

SECTION 25. If the inspectors shall determine that any ballots are so defective that the same should not be canvassed, in whole or in part, they shall make a statement in writing in duplicate, certified to be correct, and signed by them, of the contents of each of such ballots, and attach the same to the aforesaid statements of the canvass; and they shall carefully seal up in an envelope all such ballots, and deliver the same with the aforesaid statements to the city clerk, to be preserved in his office. All other ballots shall be destroyed on completion of the canvass.

SECTION 26. Upon the filing of the aforesaid statements the common council shall meet and canvass the same, and declare the result of the election, and it shall be the duty of the city clerk to notify all persons elected or appointed to office of their election or appointment, and unless such persons shall respectively qualify within ten days thereafter, the offices shall become vacant.

SECTION 27. Special elections to fill vacancies, or for any other purpose, shall be held and conducted by the inspectors and clerks of the ward in the same manner, and the returns thereof shall be made in the same form, and within the time prescribed in the preceding sections of this chapter.

the laws of this state to the crime of perjury. If any person who is not a qualified voter shall vote at any election held under the provisions of this act, or if any person duly qualified to vote for the officers elected at large in said city, or on a proposition submitted to the electors thereof shall vote in any ward other than the one in which he resides, or shall vote more than once at the same election, he shall be guilty of a misdemeanor, and on conviction thereof he shall be imprisoned in the county jail for a term of not more than three months, or by a fine not exceeding one hundred dollars.

The mayor shall, before he enters upon the duties or his office, in addition to the usual oath, swear or affirm that he will devote so much of his time to the duties of his office as an efficient and faithful discharge thereof may require. He shall, when present, preside over the meetings of the common council, and shall have a vote only in case of a tie, but shall in no case have a vote in the appointment of any officer or agent appointed under this act; and every ordinance resolution or by-law mentioned in chapter 4 of this act, passed by the common council, shall, before it takes effect, be presented by the clerk to the mayor. If he approves, he shall sign and return it to the clerk; but if not, he shall return it with his objections, to the common council at its next stated meeting. The common council may then reconsider the vote by which such ordinance, resolution or by-law was passed. The clerk shall then sign such indorsement, and such order shall then be as valid against the city as if signed by the mayor. He shall also take care that the laws of the state and the ordinances are duly enforced, observed and respected, and that all other executive officers of the city discharge their respective duties. He shall from time to time give the council such information and recommend such measures as he may deem advantageous to the city. the village of Janesville, or any recorded addition thereto, and to establish the grades of all such streets, lanes, highways, alleys or public grounds; and such acceptance shall, to all intents and purposes, make such street, lane, highway or alley a highway; and until the common council shall have accepted any street, highway or alley, as hereinbefore provided, which has not been improved by order of the common council, the city shall not be liable for any damages resulting from the unimproved condition of said street, lane, highway or alley: and shall have power to improve public squares or grounds, and to lay out, as hereinafter provided in this chapter, streets, alleys, lanes, highways, walks, and to alter, widen, contract, straighten and discontinue the same; provided, that the expense of grading, graveling, planking and paving of said streets, walks, roads and highways shall be chargeable to and payable by the lands through or over which said streets, walks, roads or highways shall pass, in the same manner as is prescribed in this act in the case of city lots; provided, further, that in any case where the grade of any street or part of street has heretofore been or shall hereafter be duly established, and the owner or owners of any lot or lots fronting thereon have made or shall hereafter make permanent improvements upon his, her or their said lots, conforming to such grade so established, and the grade of such street or part of street shall thereafter be changed by said common council, and worked to conform to such change, and damage to an amount exceeding one hundred dollars shall result therefrom to the owner of any such lot or lots upon which permanent improvements shall have been made, conforming to the grade theretofore established, in every such case such owner, who shall not have signed the recommendation for such change in grade, and for re-grading required by section 21 of this chapter shall be entitled to compensation for such actual damages as his said lot or lots may sustain, by reason of such change, beyond the benefits and advantage thereto, derived therefrom; and such damage if any, when ascertained as hereinafter specified, shall be a lien and charge upon the lots and parcels of land fronting on the entire length of such street, and shall be assessed thereon with the other expenses of such re-grading, in the manner specified in sub-division 1 of section 23 of this chapter, and collected therewith, and when collected be paid to such owner. But no such damage

shall be claimed by or awarded to any such owner, unless he shall have notified said council in writing, at its next regular meeting succeeding the one at which said recommendation shall have been presented, that he will claim damage, and shall specify the particular lot or lots upon which he shall claim the same. The damage to each several owner entitled thereto hereunder shall be determined in the first instance by the arbitrament and award in writing of three disinterested freeholders, resident of other wards of said city than the one in which said street is located, who shall be appointed by the mayor, with the concurrence of said council, and who severally shall, before entering upon the discharge of their duty, take an oath, faithfully and fairly to discharge their duty, and a true award make. All of said arbitrators shall sit and hear the evidence and allegations of the parties in interest, and to that end are hereby empowered and authorized to administer oaths to witnesses. But an award signed by two of them shall be valid and sufficient. Said arbitrators shall give due notice by publication or otherwise to the parties in interest, of the times and places of their meetings, and shall report the testimony taken by them, together with their award or awards, to the common council; and it shall cause the same to be filed with the clerk of said city; and said award or awards so made and filed shall be final and conclusive, between all parties in interest, unless appealed from as hereinafter specified. Any party in interest may appeal from any award so made, to the circuit court for Rock county, by notice in writing, served upon said city clerk, specifying the particular award appealed from, and signed by himself or his attorney; provided said notice be given within twenty days from the time of filing said award; and provided further that the person or persons so appealing shall, within twenty days, make and file with said clerk, an undertaking with two or more sureties, to be approved by said council, to such person, and conditioned as said council shall direct, by order or ordinance upon the subject. Upon the filing of said bond, its approval and the serving of said notice within the time aforesaid, said clerk shall thereupon transmit said notice, bond, report of testimony and award, to said circuit court, or to the clerk thereof, and said court shall try the same as other actions at law, upon an issue to be formed under the direction of said court. No contract shall be made by said common council for the regrading of any street or part of

street, upon which damages shall be claimed until all the damages so claimed shall be determined and finally fixed, and when made, the assessment therefor shall be made and collected as soon as possible under the provisions of this act.

Shall have power to levy and construct bridges, etc.

SECTION 2. The common council shall also have power to lay out and construct bridges, culverts, drains and sewers in the city, with all the necessary wells, grates and other things requisite and proper for the use of such culverts, drains and sewers, or for carrying off the surface matter from the streets and highways; but the common council shall not lay out any street, square, public ground, alley, lane, highway or walk, or alter any such as may already be laid out or used, so as to extend or run across or over the site of any dwelling house at the time actually erected, without consent of the owner of such dwelling house, unless it shall have first purchased the same; provided, however, that such dwelling house shall have been erected in good faith upon such site before the commencement of the proceedings to make such improvement.

Shall survey streets, etc.

SECTION 3. The common council shall cause all streets, highways, alleys, lanes, side and crosswalks, culverts, drains, sewers, public squares and grounds in said city to be surveyed, described and recorded in a book to be kept by the city clerk for that purpose, and to cause maps thereof to be made and filed with the clerk. Such records and maps shall be prima facie evidence of the facts therein described and portrayed in all actions and places between the city and other persons touching their location.

Notice to be given in news paper.

SECTION 4. Whenever the common council shall intend to lay out, alter or widen any street, highway, lane, alley, or public square or ground, or discontinue any public square or ground, it shall cause a notice of such intention to be published for eight days in some daily or weekly newspaper printed and published in said city, stating the day upon which it will act thereupon, which day shall be at least eight days subsequently to the first publication of the notice. This section shall not apply to a change in the grade of any street, alley, lane or highway.

Notice to proceed to lay out.

SECTION 5. In case it shall not be necessary to appropriate for the purposes contemplated in section 4 of this chapter, any real estate which shall not belong to the city, or which shall not be given to the city for the purpose, the common council upon the day fixed in the notice may proceed to lay out, alter or widen such

street, highway, lane, alley or public square or ground, or discontinue any public square or ground mentioned in the notice.

Notice to owners of lots to be published, etc.

SECTION 6. Upon petition in writing of all the owners of lots or land on any street or alley in said city, and not otherwise, the common council may discontinue such street or alley, or any part thereof. At least one week before acting on such petition the common council shall cause a notice to be published for three days successively, in a newspaper published in said city, stating when the petition will be acted upon and what street or alley or part thereof is proposed to be discontinued or vacated.

Make out description of real estate.

SECTION 7. In case it shall be necessary to appropriate for any street, highway, lane, alley or public square or ground, any real estate not belonging to the city, or which the city may not be permitted by the owner freely to appropriate, the common council, before it shall determine to make such improvement, shall make an order appointing some discreet person or directing some officer of said city to ascertain and report a description of the real estate required to be appropriated, with the names of the owners; what the whole expense of the improvement would amount to to; whether any, and if any, what part thereof ought to be borne by the city; and whether any, and if any, what real estate would be immediately benefited by the improvement requiring the appropriation of such real estate, specifying the same in parcels described with certainty, with the names of the owners if they can be ascertained. It shall cause a notice to be published in some weekly or daily newspaper published in said city for three weeks, specifying the proposed improvement, the estimated expense thereof, and the real estate in said city to be assessed therefor, and shall require all persons interested in the subject matter of such improvement to attend the common countil at a time and place in such notice to be specified. At the time and place so stated the common council shall proceed to hear the allegations of the owners and occupants of the houses, lots and parcels of land required and the real estate to be assessed for such improvement so specified as aforesaid, and after hearing the same shall make such further order in prospect to such improvement as it shall deem proper.

Shall enter a resolution.

SECTION 8. If the common council shall, after hearing the parties interested, as aforesaid, determine to make any of the improvements in this chapter spe-

cified, and that the lands of any person will be necessary for the purpose, it shall enter in its minutes a resolution, declaring such determination, and containing a brief description of the lands so deemed necessary, and also of the real estate deemed benefited by such improvement. The common council may purchase the land so deemed necessary, of the owner or owners thereof, upon such terms, and for such compensation as it shall judge reasonable, and thereupon receive a conveyance thereof to the city, and thereupon proceed as provided in this chapter, to cause the price paid for such land, except such portion thereof, if any, as the common council shall have determined ought to be borne by the city, to be assessed upon, and collected out of the real estate benefited thereby, as described in the report of the person appointed by the common council or officer mentioned in section 7 of this chapter, as nearly as may be, in proportion to the amount of benefit which each shall be deemed to receive from said improvement.

Shall declare by resolution.

SECTION 9. In case no agreement for such purchase can be made, the common council shall by resolution declare their purpose to take the same, and therein describe by metes and bounds the location of the proposed improvement, and the land proposed to be taken therefor, defining separately each parcel, and the amount thereof owned by a distinct owner, mentioning the names of the owners or occupants so far as known, and therein fix a day, hour and place when and where it will apply to the county judge, or a justice of the peace, resident in said city, for a jury to condemn and appraise the same. The common council shall immediately cause such resolution to be published in some daily or weekly newspaper, published in said city.

Clerk to make notice.

SECTION 10. The common council shall thereupon cause to be made by the clerk a notice of the adoption of such resolution, embracing a copy thereof and notifying all parties interested, that the city will, at the time and place named apply to the judge or justice named for the appointment of a jury to condemn and appraise such land. A copy of such notice shall be served by the marshal or any constable on the owner of each such parcel of land to be taken, if known and resident within the county; such service to be made in the manner prescribed for serving a summons in an action in the circuit court, and the return of the officer shall be conclusive evidence of the facts stated therein. If the notice cannot be so given as to all the parcels,

then the same shall be also published once in each week for three successive weeks in a newspaper published in said city, and the affidavit of the printer or foreman of such newspaper shall be conclusive evidence of such publication. Such notice shall be served and the first publication made three weeks before the time fixed therein for such application. If any person so served with notice be a minor or of unsound mind, the judge or justice before proceeding shall, on the day fixed for the hearing of such application, appoint for him a guardian for the purposes of such proceeding, who shall give security to the satisfaction of the magistrate, and act for such ward.

Challenges.

SECTION 11. At the time and place fixed for such hearing, the application, accompanied by a copy of such resolution and such survey, and by proof of service of the notice, as provided in the last section, shall be filed with the judge or justice, who shall thereupon make a list of twenty-four competent jurors, not interested, but residents of the city, shall not be disqualified. He shall hear and decide any challenges for cause or favor, made to any one, and if sustained shall replace his name with an unobjectionable juror, until the list shall be perfected. Thereupon, under direction of such magistrate, each party, the common council by its representatives, on the one side, and the owners of land or their agents present, or if none be present, or they disagree, a disinterested person appointed by the judge or justice, on the other, shall challenge six names, one at a time, alternately, the common council beginning. To the twelve jurors remaining, such judge or justice shall issue a precept, requiring them at an hour on a day named, not more than ten nor less than three days thereafter, to appear before him to be sworn and serve as a jury to view lands and appraise damages, and at the same time shall publicly adjourn the proceedings to the time and place so named; such precept shall be served by the marshal or any constable, at least one day before such appointed time, by reading the same to each such juror, or by leaving a copy at his usual place of abode in the presence of a member of his family.

Jury to be polled.

SECTION 12. The jurors summoned shall appear at the time and place named, and if any be excused by the judge or justice, or fail to attend, he shall direct other disinterested persons to be forthwith summoned in their stead, until twelve be obtained. The magistrate shall then administer to them an oath that they

shall well and truly inquire into and determine the necessity for taking the lands mentioned in the resolution, and if found necessary the damages occasioned thereby, and faithfully discharge their duties as jurors according to law.

Shall view lands.

SECTION 13. Under the direction of such magistrate, the jury shall view the lands to be taken and shall then sit before him to hear such competent evidence as shall be produced by any party, and for such purpose, such magistrate shall possess the same powers as a court in session with a jury, and if there be necessity, may adjourn the sitting from day to day. The jury shall render a separate, unanimous verdict, in writing, signed by them, in which they shall find whether it be necessary to take such lands or any part thereof for such purposes, describing such as they find necessary to be taken; and, if any be found necessary to be taken, then a verdict of appraisement of damages, specifying therein the damages of each owner, and separately the value of the land taken from each, and the damage otherwise sustained by each by reason of the taking thereof, in estimating which they shall deduct therefrom any special benefit, if any, to be enjoyed by each from such improvement, and a majority of such jury may render such verdict or appraisement of damages, and shall sign the same. Any technical error in such verdict may be immediately corrected with the assent of the jury, and they shall be thereupon discharged, and their verdict filed with the magistrate. In case the jury shall fail to find a verdict another jury shall be selected, summoned, sworn and proceed in the same manner. The said jurors shall be entitled to the sum of one dollar and fifty cents each as their compensation, for each day actually and necessarily spent by them as jurors.

May appeal from the award.

SECTION 14. Within ten days after such verdict any land owner whose land has been found necessary to be taken, may appeal from the award of damages to him in such verdict to the circuit court, and said city may likewise appeal from the award of damages to any owner, by filing with such magistrate a notice of appeal, specifying whether the appeal is from the whole award to him or a part, and, if a part, what part, and therewith an undertaking with two sufficient sureties, to be approved by the magistrate, to pay all costs that may be awarded against such appellant on the appeal, and paying the magistrate for his return thereof. Any party not so appealing shall be forever concluded

by such verdict or appraisement. Upon an appeal being taken the magistrate shall transmit to the clerk of the circuit court, within ten days, the notice of appeal and undertaking, and thereto annex a copy of all the papers and proceedings before him, with his certificate thereof. He shall after the time for appealing has expired, file with the city clerk all the original papers, including the verdict, with his certificate thereof, stating in such certificate whether or not any appeal has been taken from such verdict.

Appeal considered an action.

SECTION 15. Upon filing such transcript in the circuit court, the appeal shall be considered an action pending in such court, and be so entered, the land owner as plaintiff, the city as defendant, and be subject to a change of place of trial and appeal to the supreme court. The appeal shall be tried by a jury, unless waived, and the costs shall be awarded against the appellant, if a more favorable verdict be not obtained; otherwise, against the respondent. Upon entry of judgment the clerk of the circuit court shall transmit a certified copy thereof to the city clerk. The costs of said proceeding shall be paid by the city, except when it recovers costs in the circuit court.

Common council shall enter order in proceedings.

SECTION 16. Within thirty days after the rendition of such verdict, or after the final determination of any appeal, if any shall be taken as herein provided, the common council shall cause an order to be entered in its proceedings authorizing and directing the appropriation of the said real estate and the making of said improvement. The common council shall thereupon appoint three respectable freeholders of said city, not interested in any of the real estate to be taken or assessed therefor, nor of kin to any person or persons interested therein, who shall proceed to apportion and assess the whole amount of such damage and value so reported by the jury, together with all the costs and expenses of such improvements (except such portion thereof, if any, as the common council shall have determined ought to be borne by the city), upon the real estate benefited thereby, as described in the report of the person appointed by the common council, or officer mentioned in section 7 of this chapter, as nearly as may be in proportion to the amount of benefit which each shall be deemed to receive from the said improvement. The said freeholders shall be sworn by some person competent to administer oaths, faithfully and impartially to discharge their duties according to the best of their ability. The said freeholders shall ex-

amine the said lands deemed necessary to be taken for such improvement, and the lands and real estate deemed to be benefited thereby, and may hear the statements of the parties interested, and shall make their assessment. The said freeholders shall, as speedily as may be, make their report to the common council in the form of an assessment list, in which they shall specify and set down in separate columns an accurate description of each parcel of real estate assessed, the name of the owner or occupant, if known, the amount assessed upon each parcel, the amount of compensation, if any, to which each owner or occupant is entitled by the verdict of the jury, and the amount to be collected of each. The assessment list shall be made to resemble in form, as nearly as practicable, the annual assessment roll of said city, and be provided with a column in which payments can be entered by the treasurer. Two copies thereof shall be made and signed by the mayor or presiding officer of the common council and clerk, one of which shall be filed with the clerk, and the clerk shall deliver the other to the treasurer, together with the warrant of the common council thereto annexed, signed by the mayor and clerk, and with the corporate seal of the city thereto affixed, for the collection of said assessments, which warrant shall be substantially the same as annexed to the annual tax roll of said city for collection thereof.

Filed assessment to be prima facie evidence.

SECTION 17. The said assessment filed with the clerk, and the one delivered to the treasurer, shall, in all courts and places, be prima facie evidence of the regularity of all prior proceedings and of the assessment therein specified; and all sums of money assessed therein or in any respect to any real estate, shall be liens thereon from the time the assessment list is filed with the clerk.

Copy to be published.

SECTION 18. Upon receiving the said assessment list, the treasurer shall cause a copy thereof to be published in some daily or weekly newspaper in said city, with a notice similar to the one on receiving the annual tax roll, and the treasurer shall proceed to collect said assessment in the same manner as in this act provided for the collection of annual city taxes, and all the provisions of this act relating to the collection of annual city taxes so far as the same can be applicable, shall govern the collection of assessments for said local improvement.

Paid from bridge fund.

SECTION 19. In case it shall appear by the report mentioned in section 7 of this chapter, that any portion

Digitized by Google

of the expense of such improvements ought to be borne by the city, the same shall be a charge upon the city treasury, and shall be paid from the highway, street and bridge fund.

Appropriating real estate.

SECTION 20. No real estate shall be appropriated by said city under any of the provisions of this chapter for any street, highway, lane, alley or public square or ground, without the leave of the owner, until the recompense reported by the jury to be proper therefor be paid or tendered to such owner or deposited to his or her use or credit in one of the banks in said city, to be designated by the common council of said city for that purpose. Upon such payment, tender or deposit, the same may be appropriated for such purpose. But the foregoing provisions are not intended and shall not be construed as prohibiting said city, by its officers, agents and employes, or the jury aforesaid, from entering upon such real estate and making all necessary examinations and surveys thereof for the purposes aforesaid.

May order streets, etc., graded.

SECTION 21. The common council shall have power to cause any street, highway, lane or alley, or any part of any street, highway, lane or alley in said city, to be graded, worked, graveled, macadamized, paved or repaved, planked or replanked and repaired, and to cause any sidewalks, crosswalks, drains, sewers or culverts to be made therein, as it shall deem necessary; and the same shall be repaired or relaid as may be ordered by said common council; provided that no street, highway, lane or alley, or any part thereof, shall be graded, macadamized, paved or repaved, planked or replanked, without a recommendation in writing, signed by a majority of the resident owners of property which is bounded by such street, highway, lane or alley, in which said work is proposed to be done or improvement made, except as hereinafter provided, which recommendation shall be entered at length by the clerk upon the record of the proceedings of the common council.

May determine the kind of pavement.

SECTION 22. Whenever the common council shall determine to cause any street, highway, lane or alley, or any part of any street, highway, lane or alley in said city to be paved or repaved, it may determine the kind of pavement that shall be used in such paving or repaving, and in case it shall determine to use any pavement that has been or may hereafter be patented, it shall have the power and is hereby authorized to purchase and procure of the person or persons owning the same, the right to use and lay such pavement upon

such street, highway, lane or alley, or part thereof, and the sum or sums paid therefor shall be added to the expenses of such paving or repaving, and be apportioned therewith and charged upon the property properly chargeable with the expense of such paving or repaving, and be collected in the manner provided in the next section.

Shall make specification of work.

SECTION 23. The common council, prior to ordering by resolution, ordinance or otherwise, any street, highway, lane or alley, or any part thereof, to be graded, macadamized, paved or repaved, planked or replanked, shall cause a plain and accurate specification of the proposed work to be prepared and filed in the office of the clerk of said city. If after the filing and examination of such specifications, said council shall be of opinion that such proposed work should be done, it shall order the same to be done, and shall fix the time within which the same shall be completed. The said council shall then cause to be published in some daily or weekly newspaper published in said city, such specifications, with a notice signed by the clerk, giving notice that on a certain day fixed in said notice, at least eight days after the first publication thereof, the common council will proceed to act in relation to the work mentioned in such specifications; and said notice shall specify that sealed proposals for the performance of said work will be received by the city clerk up to the time fixed in said notice for the opening of such proposals, and the time fixed by said council within which said work shall be completed. Upon the day mentioned in the above required notice, all such proposals shall be opened in the presence of the common council, when said common council shall determine which is the most favorable of such proposals, and may by a vote of the majority of its members accept such proposal, and authorize and direct the construction of the proposed work and direct the expense thereof to be assessed in the manner hereinafter specified; provided, however, that the common council are hereby authorized to reject all of such proposals, as in their opinion they shall deem unreasonable. The common council shall require the person or persons whose proposal or proposals may be accepted to execute a bond, with one or more sureties, to be approved by said common council, and in such penalty as said council shall fix, conditioned that the person or persons whose proposal had been accepted shall perform the work mentioned in such proposal within the

time fixed by said council and according to the published plan and specifications, subject to the supervision of the alderman of the ward in which such work is to be done, or of the street commissioner, and to the approval of the common council, with such other conditions as said council may prescribe; and if said work shall not be completed within the time fixed by said council for the completion thereof, said council shall have the power to declare the contract for such work at an end, and said bond forfeited, and to proceed by action, in said name of the city, against the sureties therein for the amount of such penalty.

Shall ascertain front length of lots.

First. In case the work shall be the grading, graveling or leveling any street, highway, lane or alley, or any part thereof, the common council shall appoint some competent person to ascertain the front length of each lot and parcel of land on both sides thereof, throughout its whole extent, with a correct description thereof and the name of the owner if known, and also the aggregate front length of all lots and parcels of land fronting on such street. The said common council shall then determine the expense of the whole work, including the surveying, specifications, advertising ascertaining the value of existing improvements of the same or a similar kind and character, if any, and preparing the assessment lists, and cause the average expense upon each foot front of lots and parcels of lands on both sides of such street, highway, lane or alley throughout its whole extent, excluding cross streets from the computation, to be ascertained; and each lot or parcel of land on both sides of such street, highway, lane or alley, throughout its whole extent shall be assessed with its proportion of the expense, to be ascertained by multiplying its number of feet front by the average expense per foot; provided, that when the owner or owners of any lot or lots, parcel or parcels of land fronting any street, highway, lane or alley upon which said improvement is proposed to be made have already made any improvement on said street, highway, lane or alley, in front of his or her said lot or lots, parcel or parcels of land, of the same or of a similar kind and character as the proposed improvement at the time when the same was made, and shall file with the city clerk written notice thereof before the assessment shall be made, stating when, where, and by what owner the work was done and the value thereof; the common council shall ascertain the value of such improvement

and for that purpose shall have power to subpœna witnesses, administer oaths and take proofs, in such manner as it may direct, and the value of such improvement, when so ascertained shall be added to the expense of the proposed improvement, and assessed therewith upon all the lots fronting upon such highway, lane or alley in the manner hereinafter specified; and when so assessed the value of such improvement so made by such owner or owners as aforesaid, shall be credited on the assessment of his or her said lot or lots, parcel or parcels of lands, but the value of such improvement shall be so assessed as aforesaid but once; and in case the value of such improvement shall exceed the amount assessed upon such lot or lots, parcel or parcels of land, such excess shall be paid to such owner or owners who shall have made such improvements as aforesaid; provided, that any such improvement hereafter so made by such owner or owners, shall not be assessed, credited or paid for as hereinbefore provided, except the same shall have been made pursuant to a petition or leave to do the same, by said owner or owners, signed by at least two thirds of the resident owners upon such street, highway or alley.

Shall appoint some competent person.

Second. In case the work shall be the paving, macadamizing, planking or curbing any street, highway, lane or alley, or any part thereof, the common council shall appoint some competent person to ascertain the aggregate front length of lots and parcels of land on both sides thereof, limited to the proposed improvement and bounded thereon, and the front length of each lot or parcel of land bounded on such improvement, with a correct description thereof, and the name of the owner, if known. The said council shall then determine the expense of the whole work, including the surveying, if any, the specifications, advertising and preparing assessment lists, and cause the average expense upon each foot front of lots and parcels of land on both sides of such street, highway, lane or alley within the limits of such improvement and bounded thereon excluding cross streets from the computation to be ascertained, and each lot or parcel of land shall be assessed with its proportion of the expense, to be ascertained by multiplying its number of feet front by the average expense per foot; provided, that whenever the owner or owners of any lot or lots, parcel or parcels of land fronting any street, highway, lane or alley where such improvement is proposed to be made, and within the limits of said proposed improvements, and

bounded thereon, have already made any improvement on such street, highway, lane or alley in front of his or her lot or lots, parcel or parcels of land within the limits of said proposed improvement, and bounded thereon, of the same or of similar kind, and character as the proposed improvement, said lot or lots, parcel or parcels of land so improved by such owner or owners shall be excluded from the computation and assessment; and all expense of such improvement to be made, shall in such case be assessed upon the other lot or lots, parcel or parcels of land so fronting on the street, highway, lane or alley where such improvement is proposed to be made, and within the limits and bounded on said improvement, as heretofore specified.

How paid for.

Third. In case the work shall be the constructing of any crosswalk or drain across any street, lane or highway, or public ground, or of any culvert or any sewer in any street, alley, lane, highway or public ground, or the keeping in repair of crosswalks, drains, sewers, culverts, streets, highways, lanes or alleys, after the same have been constructed, graded, graveled, leveled, macadamized, planked or paved, as in this chapter provided, or the cleaning and cleansing of the same, the expense thereof shall be paid out of the moneys mentioned in subdivision 7 of chapter 6 of this act, belonging to the ward in which said work shall be done.

Shall let work by contract.

Fourth. In case the work shall be the construction, repairing, relaying or replanking any sidewalk, each lot or parcel of land fronting thereon shall be assessed with its just proportion of the expense of such work. The work specified in this subdivision may be ordered by the common council, on the written application of the street commissioner or of either of the aldermen of the ward in which the proposed work is situated, at any regular meeting of said council, after filing with the city clerk a specification of the work proposed. Such connecting streets may be laid out within the city of Manitowoc or within the town of Manitowoc Rapids, and the costs of surveying, laying out, opening, grading or otherwise improving (except planking or paving and building of sidewalks) such streets, of keeping them in repair, and of buying the grounds and property necessary to lay out such streets, shall be paid from the special funds of the several wards on such sides of the Manitowoc river on which such streets shall have been laid out, opened, improved or repaired.

If no bids for doing such work should be received within the time specified, then the city surveyor, by and with the consent of the board of aldermen, shall contract for the same at as low and reasonable a sum or price as the same can be done for.

Necessary amount to be raised by tax.

SECTION 7. The amount necessary to pay the contract price of such improvement shall be raised by taxes to be levied upon and collected from the lots or parcels of land fronting both sides of said street, avenue, lane or alley, or part thereof, so ordered improved, exclusive, however, of the costs of the improvement of crossings, which shall be paid for out of the special funds of the ward or wards in which such crossings so improved shall be situated. Immediately after the letting of such contract the city clerk shall make out and deliver to the treasurer a correct description of all lots or parcels of lands fronting both sides of the street, avenue, lane or alley, or part thereof, so ordered to be improved, the name of the owner thereof, if known, setting opposite each lot or parcel of land the amount of taxes, in figures, to which the same may be respectively subject for making such improvement, which taxes shall be apportioned according to the last assessed value of said lots or parcels of land respectively, exclusive of the improvements thereon, and in case any taxable property shall not have been assessed the same shall be forthwith assessed by the clerk and placed in the tax roll, and the tax thereon shall be collected as in other cases, and a warrant ordering the city treasurer

Ten days' notice to be given in city paper.

SECTION 8. Upon the receipt of the said tax roll by the city treasurer he shall immediately publish in the official paper or papers of said city, for at least ten days, a notice to the owners or occupants of said lots or parcels of land fronting the street, avenue, lane or alley, or part thereof, (naming it) mentioned in said tax roll, that such tax roll had been delivered to him for collection and they are required to pay to him within thirty days after the date of the first publication of said notice the taxes charged in said list to the lots or parcels of land owned by them respectively, together with the commission of five per centum on the amount thereof for collection fees; provided, that if said taxes shall be paid within fifteen days from the time of the first publication of said notice, the fees for collecting the same shall be only two per centum on the amount of such taxes. If after the expiration of thirty days after the first publication of said notice any taxes charged in said tax roll shall remain unpaid, the city treasurer shall make out a return of unpaid taxes, properly verified by him, and deposit the same, together with the original tax roll, in the office of the city clerk; and the said city clerk shall enter the taxes so remaining unpaid in the next annual tax roll as delinquent street taxes, adding to the amount of such delinquent taxes one per centum for each month or part of month from the time of such return to the first day of January next following; and such taxes shall be collected as other taxes in the city of Manitowoc are collected.

No land to be exempted.

SECTION 9. No lot or parcel of land in the city shall be exempted from the payment of its portion of any tax for the improvement of streets or the building or repairing of sidewalks upon which such lots or parcels of land may border, excepting only property belonging to the United States or to the state of Wisconsin. All taxes levied upon any park or public grounds, by virtue of this act, shall be paid by the wards on that side of the Manitowoc river where said park or public grounds are situated.

Construction of crosswalks.

SECTION 10. It shall be lawful for the board of aldermen to order the construction of crosswalks at such points as they shall deem necessary, and on the side of any street or part of street where a sidewalk is built, the costs and expenses of which shall be determined by a sworn statement of the person or persons making such crosswalks, and if allowed by the board of alder-

men shall be paid out of the special fund of the ward or wards in which such crosswalk is situated.

In regard to immediate repairs.

SECTION 11. Whenever in the opinion of the board of aldermen public safety or convenience shall require immediate partial repairs to be made on any street, it shall be lawful for them to cause the same to be made, ascertaining the costs and expenses thereof in the same manner as prescribed in the preceding section. Such costs and expenses shall be paid out of the special fund of the ward in which such partial repairs shall have been made. Whenever any cleaning provided for by this act shall have been made and completed, the street commissioner or city surveyor having charge thereof shall make a return in writing to the board of aldermen that the said work has been fully completed according to contract, stating the cost of such work and giving the name of the parties entitled to pay for doing the same. The board of aldermen, if they find such return correct and accompanied by the necessary vouchers, shall then order the issue of the city scrip, payable out of the fund to which such improvement, repair or cleaning may be chargeable; and it shall be the duty of the city treasurer to pay such scrip from the money in such fund, if any, or if there should be no money, or not enough to pay such scrip in full, then as soon as the taxes ordered to be levied and collected by this chapter are collected, and such scrip shall be receivable only in payment of the special tax for which it was issued. In case any property on which such special tax shall have been raised be returned for non-payment of taxes, then the holder of such scrip shall be entitled to take tax sale certificates to the amount of such scrip on any lots so returned for non-payment of taxes, and no interest shall be charged to him on such tax certificates. The board of aldermen may, however, before ordering any work, order the payment of such scrip out of the special ward fund or the general fund of the city, and such special ward fund or general fund shall be reimbursed from the taxes to be levied and collected as prescribed in this act.

In regard to parts of streets which have been brought to grade.

SECTION 12. Parts of streets which have been brought to grade shall not be liable to any taxation for the improvement of other parts of the same street; but if the sidewalks have not been graded, or if the road has not been graded or paved, such grading, graveling or paving shall be done in the same manner as heretofore provided. If streets or parts thereof have once

been worked to grade, and repairs become necessary afterwards, then such repairs shall be made and the costs thereof charged to the ward or wards in which such street is situated. In such cases the street commissioner shall have charge of the work and cause the same to be done.

"Resident owners."

SECTION 13. The words "resident owners" shall be construed to mean residents of the city of Manitowoc.

Street commissioner to notify owners by publishing notice.

SECTION 14. Whenever the board of aldermen shall deem it necessary to construct any sidewalk within said city they shall require the street commissioner to notify the owner or occupant of any lot or parcel of land adjoining such contemplated sidewalk, by publishing such notice for two weeks in the official paper or papers in said city that such sidewalk must be built within ten days after the date of such notice, at the proper cost and charge of such owner. If such work is not done within such time and in the manner described in such notice, the said street commissioner shall cause the same to be done by letting the contract to the lowest responsible bidder, and charge the expense thereof to the lot or lots properly chargeable therewith. He shall also be required to report to the board of aldermen the amount charged on each lot, which report shall be verified by affidavit, and upon examination and acceptance of such report by the board of aldermen, certificates shall be issued to the person or persons having made such sidewalk, in the same way as provided in section 11 of this chapter; provided, that before the said board of aldermen shall order the construction of any sidewalk, a petition signed by at least one half of the resident owners of the lands or lots abutting on the line of such proposed sidewalks shall be presented to the board of aldermen and allowed by a vote of a majority of all the aldermen elect. Such votes shall be taken by the ayes and noes and entered upon the record of the proceedings of said board.

SECTION 15. It shall be the duty of the street commissioner to see that the sidewalks of the city are kept in good repair, and he shall give notice in writing to the owner or occupant of any lot or parcel of land, if they reside in the city of Manitowoc, of any damaged or dangerous places, such street commissioner may find in the sidewalk in front of such lot, or parcel of land, and requiring him to repair such sidewalk within twenty-four hours from the date of

If the owner or occupant of such lot or parcel of land does not live in the city of Manitowoc or cannot be found, then the said street commissioner shall post such notice to be given to such owner or occupant at some conspicuous place on said lot or parcel of land which shall be deemed a sufficient notice for all purposes required by this section. If the owner or occupant of such lot or parcel of land shall fail to repair or rebuild such damaged or dangerous places, then the said street commissioner shall cause the repairs or rebuilding to be made, the costs and expenses of which shall be ascertained by affidavit of the person making the same, and certified to by the street commissioner having the supervision thereof, and after being approved and allowed by the board of aldermen shall be a legal charge and tax against such lot or parcel of land, and entered on the next annual tax roll as delinquent street tax, as prescribed in this act.

SECTION 16. The board of aldermen are hereby authorized by ordinance to make, designate and establish dock lines on the Manitowoc river within the boundaries of said city, conforming as near as practicable to the original meander and survey thereof; but such dock lines shall in no case be located inside of the original meander lines, and protect the banks of any and all creeks and streams of water emptying into said river so as to prevent sand and other obstructions from washing into said river; and for the purpose of carrying into effect the foregoing provisions of this section, the aldermen shall have power to provide by ordinance for docking the banks of said river and for requiring the owners of docks to repair and make the same conform to the established line, and by filling the lots abutting thereon and protecting the banks of all creeks, gutters and streams of water emptying into said river within the bounds of the city, and to require all the several owners of lots or any portion thereof abutting on said river or any creek or any stream of water to fill the same in such manner and within such time as such aldermen shall direct, and to make such other protections on any lot or lots within said boundaries to prevent obstructions from working into said river as to said aldermen may seem meet and proper; and if the owner or owners of such lot or lots shall refuse, within the time specified by said aldermen, to build or repair or change or alter such docks or other

The said board of aldermen shall have the power to provide for dredging the Manitowoc river on both sides thereof from the established dock line to the center of the river. The board of aldermen shall let by contract such dredging as may be required from the center of the river to within thirty feet of the established dock line, such dredging to be done in such manner and to such depth and within such time as the aldermen may direct, the compensation for such work to be paid out of the general fund, and to require of the several owners of lots, or any portion thereof, abutting on said river to do such dredging as may be required opposite such lot to the distance of thirty feet from the established dock line, in such manner and to such depth and within such time as the aldermen may direct, and the earth excavated from the bed of said river may de deposited upon such lot or lots; and if the owner of such lots shall refuse or neglect within the time specified by the said aldermen to do such dredging, the board of aldermen is hereby authorized and empowered to let such dredging by contract to the lowest bidder for the same, and when it shall be completed according to such contract and accepted by the aldermen, a certificate shall be issued to such contractor for the contract price of the work, which certificate shall from that time be a lien upon said lot or lots, the same as other special assessments, and shall be collected in the same manner as the taxes assessed on real estate are collected.

SECTION 1. Section 1777 of chapter 86 of the revised statutes of Wisconsin for the year 1878 is hereby amended so as to read as follows: Section 1777. Any corporation formed under this chapter in whole or in part, for the improvement of any stream and driving logs therein, or for holding or handling logs therein, which shall have taken prior possession of such stream for that purpose, shall have power to improve such stream and its tributaries, by clearing and straightening the channels thereof, closing sloughs, erecting sluice ways, booms of all kinds, side rolling and flooding dams, or otherwise, if necessary; but shall in no case, in any manner, materially obstruct or impede navigation upon such stream, or erect any dam or other obstruction below the head of steamboat navigation, or obstruct any navigable slough, except with the written consent of the owners of the entire shores on both sides thereof. Every such corporation which shall so improve a stream and so keep in repair and operate its works as to render driving logs to the mouth thereof reasonably practicable and certain, may charge and collect reasonable and uniform tolls upon all logs, lumber and timber driven or floated on the same, to be fixed by the directors, and may take possession of all logs put into such stream or upon rollways so as to impede the drive, when the owners thereof or their agents shall not have come upon the stream adequately provided with men, teams and tools, for breaking the rollways and driving such logs in season for making a through drive down such stream, without hindering the main drives; and shall also, at the request of the owner of any logs and timber put into said stream, take charge of the same, and drive the same down and out of such stream, and charge and collect therefor of the owner or party controlling said logs and timber, reasonable charges and expenses for such services. No injunctional order shall be granted to prevent the use or enjoyment of any such improvement, or abate any such dam necessary thereto, unless such corporation shall fail for sixty days after judgment to pay any damages recovered for any injury done by or in consequence of its works. Any corporation formed for the improvement of a stream which is in whole or in part a boundary between this and an adjoining state and authorized to drive logs or maintain booms or dams in such stream, shall have authority to purchase and hold stock in corporation or corporations in such adjoining state created for similar purposes upon the same stream, or to consolidate or otherwise unite with such corporation or corporations in such adjoining state whenever the purposes for which the corporation in this state is organized can be better effected thereby; provided, that no such purchase or consolidation or other union shall be made without the assent of holders of three-fourths of the capital stock of such first named company.

May overflow lands.

The court, or the presiding judge thereof, shall by order prescribe the notice to be given of the time and place of hearing such petition; which order shall state the date of filing such petition, and the object thereof, and shall contain a description of the lands described therein, and be directed to the parties therein named, and to all persons interested in said lands so far as known; and may be served personally on such owner or owners or parties interested or at their usual abode not less than five days before the time fixed for such hearing, or by publication in some newspaper to be designated by said court or presiding judge, not less than ten days before the time so fixed for the hearing thereof. At the hearing of such petition, any person whose estate or interests are to be affected by said proceedings may show cause and be heard against granting the prayer thereof, and if it shall appear that any such person is an infant, idiot, or person of unsound mind, the court or presiding judge may, upon reasonable notice to his guardian, if any he has, and if not, without further notice, appoint a guardian ad litem, to act for such infant, idiot or person of unsound mind, in such proceeding, and may require him to give proper security. Whenever requested in writing by or on behalf of such corporation, or any person the owner of or person interested in any tract of land described in such petition, but not otherwise, they shall proceed to perform their duties in respect to the lands mentioned in such request, and shall cause notice to be given to each party interested in the proceeding of the time when and place where they will meet to determine the amount of compensation to be paid for taking, overflowing or using such land for the aforesaid purpose, which notice shall be personally served on such party or his authorized agent or attorney, or guardian ad litem, or by leaving the same at his residence or place of business with a person of suitable age and discretion, at least six days before the time of such meeting, and if any such party is a non-resident of this state or his residence is unknown and he shall have no authorized agent or attorney in this state known to such commissioners, such notice shall be published in some newspaper, to be designated by said court or presiding judge, for such length of time prior to such meeting as such court or presiding judge shall direct. The commissioners shall preserve and file proof of service of such notices, or of the appearance of such parties before them, either personally or by attorney, with their report. They shall view such of the premises described in the petition as shall be mentioned in said written request, and hear the allegations of the parties, and shall appraise, ascertain and determine the value of each such tract or parcel of land taken, overflowed or required for flowage purposes by such corporation, with the improvements thereon, and of each separate estate therein, and the damages sustained by the owner by reason of the taking, overflowing and use thereof, and fix the amount of compensation to be made therefor to each of such owners or parties interested therein. A majority of the commissioners being present, all of them having been notified, shall be competent to determine any matter before them, and they shall within twenty days after so viewing any lands so taken, used, overflowed or required, make and file in the office of the clerk of the circuit court of such county, a report of their proceedings concerning the lands mentioned in any such written request, making separate reports in relation to the lands of each separate owner, setting forth the amount awarded therefor, or for any separate estate

Said commissioners shall be entitled to such compensation as the court or presiding judge may direct, to be paid by such corporation. Within thirty days after the filing of such report, any person or party deeming himself aggrieved thereby, may appeal to such circuit court by filing in the office of the clerk thereof a written notice of appeal, whereupon such appeal shall be considered an action pending in court, subject to a change of the place of trial, and an appeal may be taken from any order or judgment therein to the supreme court, as in other actions; the owner of such lands in respect to which the award appealed from was made, or other persons interested therein, shall be considered the plaintiffs therein, and in such corporation the defendant. Such appeal shall be tried by jury, unless a trial thereof by jury is waived by both parties, and costs shall be allowed to the successful party on such appeal; and if the award in favor of the plaintiff be increased, to be added to the amount of the verdict and included in any judgment thereon; if it be decreased, in favor of the defendant, and be deducted from the amount of such verdict, and judgment shall be rendered according to the rights of the parties. Any report of the commissioners shall be recorded by the clerk of the court in whose office the same is filed in the judgment book, and at any time after the filing of such award, such corporation may pay to the owner or owners or parties interested in the land so taken or required, or to the clerk of said court for his or their use, the amount or amounts awarded by the commissioners, and thereupon such corporation may enter upon, take, overflow and use such land for the purpose for which it was so required; and such court, or presiding judge, may thereupon, upon notice of three days, award a writ of assistance to put such corporation into possession of the same, and may, upon such corporation giving security in such additional amount as shall be deemed proper, to pay any judgment which shall be recovered against it, award such writ, pending any appeal; if such corporation be in possession, or be put in possession of such land pending an appeal, the owners or parties entitled thereto, shall be entitled to receive the money paid to the clerk of the court on account of the award appealed from without prejudice to their appeal; but if such corporation shall have appealed, such money shall only be so withdrawn upon such owners or parties en-

If such corporation shall omit to pay the amount so awarded into the court, or to pay into court the amount of any final judgment which shall be rendered on any appeal from such award, the party interested in such award may have judgment thereon, and may have execution on any such judgment, without motion. If any defect of title to, or incumbrance upon any portion of the premises shall be suggested in such petition, or any party to said proceeding, or any person not a party, shall petition the court or presiding judge, setting up a claim adverse to the title set out in said petition to said premises, or to the money, or any part of it, to be paid as compensation for the lands so taken, used or overflowed, the court shall hear and determine the rights of the parties to said money, and for that purpose may order a reference or an issue to be tried by a jury. Either party may except to the decisions of the court or presiding judge, and appeal to the supreme court in like manner as in civil actions, upon which judgment may be rendered and costs awarded, as in other cases. When no appeal shall be taken from any award within the time provided by law, and the corporation shall have paid the amount thereof into court, or filed a receipt therefor, duly signed by the owner, and acknowledged before an officer authorized to take the acknowledgement of deeds in the office of the clerk of the court, or when, after the determination of such appeal, the corporation shall have paid into court the amount of the judgment rendered thereon, or filed a receipt therefor as aforesaid the clerk of said court shall make a minute of such payment, or on the filing of such receipt, at the foot of the record of the report of such commissioners, in the judgment book of said court; and thereupon the exclusive use of said premises, and every part and parcel thereof, shall vest in such corporation, its successors and assigns, so long as used for the purposes of said corporation, without any other or further act, deed or conveyance; and said record, or a certified copy thereof, shall be *prima facie* evidence of such title in all courts and places. In case such corporation shall not have acquired title to the lands upon which it shall have heretofore constructed its dam, or any part thereof, such corporation may proceed to acquire or perfect such title in the manner

The court or the presiding judge thereof shall have power at any time to amend any defect or informality in any of the special proceedings authorized by this chapter, as may be necessary, or to cause new parties to be added, and to direct such further notices to be given to any party in interest, as such court or presiding judge may deem proper, and also to appoint other commissioners in place of any who shall die, or refuse or neglect to serve or be incapable of serving, and shall apply to all such proceedings the practice in civil actions so far as may be, and the court shall have plenary power over the same, and may make or render any order or judgment that may be necessary to conduct and bring any such proceedings to a proper conclusion; provided, that this act shall not apply to any dam owned, controlled, leased to or by any municipal corporation or the lands flooded by such dam.

JOINT RESOLUTIONS.

[No. 10, S.]

JOINT RESOLUTION, NO. 1.

In relation to a Judicial Act pending in the Senate of the United States.

PREAMBLE.

As it appears to be an almost unanimous expression of the business and professional men of our nation, that the over-crowded state of the calander of the Supreme Court of the United States, and the desire for more latitude of appeals and speedier decisions in important litigation in the federal tribunals, require and now imperatively demand some remedial federal legislation in the premises; and

WHEREAS, Senator David Davis, late one of the justices of the Supreme Court of the United States, and formerly assigned to, and presiding over a judicial circuit, including the State of Wisconsin, has introduced a bill, now pending in the United States Senate, entitled "a bill to establish a court of appeals," for the purpose of affording relief to the United States Supreme Court, by the creation of intermediate courts of appellate jurisdiction from the judgments and decrees of the Circuit and District Courts of the United States: Be it

Resolved, by the Senate, the Assembly concurring, that the Legislature of the State of Wisconsin, expressing the now well defined wish of the people of the State, desire the passage of said bill, or some bill of like character, by the congress of the United States.

Resolved, that the senators and representatives in Congress, from the State of Wisconsin, be requested to use their influence in favor of, and vote for, such bill, or one of like character.

Further Resolved, that his excellency the Governor of the State be requested to send a certified copy of this preamble and resolution, to Hon. David Davis, President of the United States Senate, by him to be laid before said Senate; and also a copy of the same to each of the senators and representatives in Congress from the State of Wisconsin.

[No. 23, S.]

JOINT RESOLUTION, No. 2.

In relation to the claim of the State of Wisconsin against the United States for swamp and overflowed lands.

WHEREAS, In pursuance of an arrangement entered into be-

tween the Governor of Wisconsin on the part of the State, and the Commissioner of the General Land Office and the Secretary of the Interior on the part of the Government, the plats and field notes of the government survey in the State of Wisconsin have been re-examined and the former selections of swamp lands have been duly revised; and

WHEREAS, In making said revision, it was found that the United States have sold since March 3, 1857, 435,081⅓ acres of land now determined to be swamp lands within the meaning of the act of the 28th day of September, 1850, and as such should have inured to the State of Wisconsin; and

WHEREAS, The department of the Interior, by stipulation dated August 13, 1881, and filed in the general land office, concedes that the State of Wisconsin is entitled to indemnity for the loss of 115,181 and ⅓ acres thereof, but declines to take further action therein, because there is no existing law under which the State can be indemnified; now, therefore,

Resolved by the Senate, the Assembly concurring, That our senators and representatives in Congress be earnestly requested to use their utmost endeavors to secure the early settlement of said claim by the Department of the Interior, and, if necessary, to procure such legislation as they may deem requisite and appropriate to the accomplishment of the object hereinbefore recited.

Resolved, The Governor be and hereby is requested to forward copies of these resolutions and accompanying report to our senators and representatives in Congress.

REPORT OF COMMITTEE.

The Committee on Finance, Banks and Insurance, to whom was referred the Executive Communication to the Legislature dated December 31, 1881, transmitted January 19, 1882, have had the same under consideration, and beg leave to report the following facts:

In addition to the school and swamp lands certified and patented to the State of Wisconsin under the administration of Governor Smith, the claim of the state to the following swamp lands remains unadjusted and requires the further attention of the state departments:

1st. Lands ascertained by the revision of former selections to be swamp lands, but covered by adverse claims: 48,779⅔ acres.

2nd. Swamp lands within the Indian reservations, estimated: 55,000 acres.

3rd. Swamp lands sold by the United States since March 3, 1857, and ascertained by stipulation dated August 13, 1881: 115,181⅓ acres. Total due state, 218,961.

The lands included in the first division are the vacant swamp lands, situated north of the second correction line, which have not

Digitized by Google

been patented to the state, because they are adversely claimed, as follows: By the land-grant railroad companies, about 30,000 acres; by the Sturgeon Bay Canal Company, 2,500 acres; under the military wagon road grant, 1,591 acres; under the reservoir proclamation and private claims, 14,688⅔ acres. A complete list of these lands has been furnished to the General Land Office by the Land Office Department of this State; there is no question that the State has a prior claim of title to these lands, and it is expected that they will be patented to the State within the present year.

The second subdivision refers to overflowed lands situated within the boundaries of the Indian Reservations in the counties of Shawano, Lincoln, Chippewa, Ashland and Bayfield. The Commissioner of the General Land Office concedes the justice of our claim to these lands, as well as to 5,653.94 acres of school land situated therein. No action has been taken by the State Commissioners of Public Lands to select an equal number of acres of vacant lands in lieu thereof, because the lands within these Reservations are more valuable than any vacant lands which may be selected; and the Commissioners consider it wise to await the probable resumption of the Reservations, in which case the same will be patented to the State.

The recommendation of Governor Smith, that a memorial to Congress be passed requesting legislation to indemnify the State for loss sustained by an imperfect selection of swamp lands, has reference to the third division. The late readjustment of the list of lands within the State, which are actually subject to overflow and properly denominated swamp lands, demonstrated to the satisfaction of the Secretary of the Interior, that the State is equitably entitled, under the provisions of chapter 84, laws of 1850, and chapter 147, laws of 1855, to 115,181⅓ acres of land, in addition to the lists heretofore approved. (See report of Commissioner of General Land Office for 1881, pages 203 and 204, and stipulation filed August 13, 1881, between the State and the government.) The committee declines to express an opinion, whether additional legislation by Congress is necessary to enable the Secretary of the Interior to indemnify the State of Wisconsin for the losses so sustained. The construction of the laws cited, as well as the question whether the statute of limitations affirmed May 12, 1860 (XII Stat. 3), applies to the State of Wisconsin and will bar our claims, may well be left to the decision of our Senators and Representatives in Congress. The committee is, however, of the opinion that the acquisition of 180 sections of land to our Normal School and Drainage Funds, is a matter of sufficient importance to deserve the attention of our delegation in Congress, and have therefore instructed me to report by Jt. Res. No. 23, S., annexed hereto, and to recommend that the same do pass, and when so

passed be transmitted, with copies of this report, to our Senators and Representatives in Congress.

JOINT RESOLUTION NO. 6.

Relating to the overflow of Lake Winnebago and the Fox River.

Requesting the governor and attorney general to confer with the government of the United States relative to the overflow occasioned by the dams at the outlets of Lake Winnebago and the unprecedented rainfalls of 1881. In case it becomes necessary that the attorney general take such proceedings in the premises as he may be advised are reasonable and proper

Resolved, by the senate the assembly concurring, that the governor and the attorney general be and are hereby requested to advise and confer with the general government relative to the overflow, occasioned by the dams at the outlets of Lake Winnebago, and to endeavor to induce the government of the United States to take such reasonable action in the premises, as will abate such overflow and prevent in the future, injury to the property around Lake Winnebago, and along the Fox river. MEMORIALS TO CONGRESS.

[No. 1, S.]

MEMORIAL TO CONGRESS NO. 1.

For the establishment of a mail route from Independence in the county of Trempealeau, to Gilmanton, in the county of Buffalo, and the establishment of a tri-weekly mail service.

To the Senate and House of Representavies of the United States, in Congress assembled:

The memorial of the Legislature of the State of Wisconsin respectfully represents:

That a large number of citizens living between the village of Independence, in the county of Trempealeau, and the village of Gilmanton, in the county of Buffalo, are deprived of mail facilities and are obliged to get their mail from one of these two offices, situated eighteen miles apart. That the only way in which mail can pass between the two places is by a very circuitous route, either by the way of Eau Claire, or by the way of Winona, in the State of Minnesota, and great delay and inconvenience is thereby experienced. That the village of Independence is situated on the line of the Green Bay and Minnesota Railway, and is supplied with mail twice each day; and that by the establishment of a mail route between these two places, the facilities of mail communication would be greatly increased and the public thereby greatly benefited.

Wherefore your memorialists respectfully ask that a mail route be established between the village of Independence, in the county of Trempealeau, and the village of Gilmanton, in the county of Buffalo, and that tri-weekly mail service be placed thereon.

MEMORIAL TO CONGRESS NO. 2.

For government depositories for the savings of the industrial classes.

To the Senate and House of Representatives of the United States, in Congress assembled:

Your memorialist, the Legislature of the State of Wisconsin, respectfully represents:

That owing to the demonstrated insecurity of many savings

banks, as depositories for the surplus earnings of citizens, public policy and the general welfare, alike combine to demand that Congress should, at the earliest possible period, establish and maintain a postal savings depository, as a branch of the post office department, upon such terms and conditions, and with such safeguards as will best promote the objects contemplated, and enable the industrial classes of the country, at all times to invest their surplus means in either certificates or bonds bearing a low rate of interest, and available as means to depositors whenever redemption is required by them.

Resolved, That the recommendation of Hon. Thomas L. James, late postmaster general, as well as his immediate predecessor, in favor of such a system, indorsed as it is by the President of the United States in his recent message, meets our cordial approval, and the senators and representatives from this State are hereby requested to urge the measure upon their associates and as early as possible press it to a favorable conclusion.

MEMORIAL TO CONGRESS, NO. 8.

For the improvement of the Mississippi river, its navigable tributaries and connections with the great lakes.

The memorial of the legislature of the state of Wisconsin to the congress of the United States, respectfully represents:

That the improvement of the Mississippi river and its navigable tributaries is a matter of great importance to the people of this state, and one which, in certain of its phases, has received the consideration of the legislature of the state at nearly all of its sessions since about the year 1830, and memorials to congress relating to some phase thereof have been passed by it at not less than thirteen consecutive sessions. The work affects directly many, and indirectly all, of the industries of the state. For passing to market the great lumber product of the state, its importance is direct and immediate, and so is it direct and immediate so far as relates to the commerce which ultimately shall pass between the valley of the Mississippi and the lakes and seaboard, through northern mouths of the Mississippi, one of which across this state, already undertaken by the general government, is nearly completed, or shall pass to the seaboard by way of the gulf; but its importance is greatest, although indirect, in relation to the greater commerce which by all channels, rail and water, shall pass between the east and west, by causing a reduction of the freight charges thereon to approximately water rates, thus benefiting alike the producer and consumer, the western farmer and the eastern manufacturer, and furnishing exports for the markets of the world,

which otherwise valueless, would waste upon the plains of the west.

The resolutions of the convention held at Davenport in May, 1881, and at St. Louis, in October, 1881, as finally adopted, indicate the great importance of the work, and the manner in which it should be carried on. Appropriations sufficiently large to render permanent work practicable and justify the expectation of an early completion of at least parts of the great work, are, we think, demanded by the needs and wishes of the people of this state.

Be it resolved, the senate concurring, that the governor be, and he is hereby, requested to subscribe and forward this memorial to the president and vice-president of the United States, the speaker of the house of representatives and to each of our senators and representatives in the congress of the United States.

MEMORIAL TO CONGRESS, NO. 4.

For an appropriation for a harbor of Refuge on the eastern shore of Lake Pepin, near the village of Stockholm.

To the Senate and House of Representatives of the United States, in Congress assembled:

The memorial of the legislature of the state of Wisconsin respectfully represents:

That there is not at the present time any harbor or protection, to shipping or commercial interest, either natural or artificial, at any point on the eastern shore of lake Pepin. That a very large business, by boats, crafts, log and lumber rafts, is annually transacted on said lake, and that the same is annually damaged many thousands of dollars, and the commerce and trade of the entire upper Mississippi river greatly impaired, by the lack of some place of refuge and safety from the wind and storms frequent upon said body of water. That the estimated cost of the construction of a harbor, near Stockholm, which will furnish perfect safety, and of sufficient capacity to accommodate all interests, shipping and of commerce, is two hundred thousand dollars, as made by United States Engineer, Capt. McKenzie.

Therefore, your memorialist respectfully requests that an appropriation be made by the present congress for the construction of such harbor.

MEMORIAL TO CONGRESS, NO. 5.

To suppress and punish polygamy.

To the Senate and House of Representatives of the United States, in Congress assembled:

Your Memorialist the legislature of the state of Wisconsin respectfully represents:

WHEREAS, the chief aim, purpose and end of human government should be the promotion of morality and the intellectual culture and development of true man and womanhood; any pretense, practice or custom of any body, religious or otherwise, in conflict with this primary object is a violation of natural law and properly a subject for repression and punishment. That freedom of religious opinion and the right of conscience relate to spiritual matters only, and cannot lawfully be urged as a gratification for acts or practices inconsistent with the great ends of society. The thug may not successfully plead in defense of murder, that his creed commands him to kill; the assassin, that he was divinely inspired; the thief, that he had a predisposition to larceny, the drunkard an unappeasable appetite, or the lecherous, the force of animal passions.

The right of society to protect itself against injury is supreme over all creeds and pretenses injurious to the moral and mental welfare of the citizen, and it may justly enforce any measures necessary to that end. That polygamy, polyandry and prostitution wherever and in whatever form they are tolerated, tend directly to the moral, mental and physical degradation of the race.

Nations permitting such customs are intellectually dwarfed and physically inferior to those who have established and enforced monogamus relations between the sexes; nor can any people which permits the degradation of womanhood ever rise above a condition of mediocrity; such is the teaching of all history and experience.

License and licentiousness are not liberty, nor can bad or degrading practices be elevated to the dignity of religious life. That when a local or territorial government is seized upon, by a church organization and prostituted to defeat the ends for which it was created, it is the right and duty of congress to destroy it, and substitute in its place any other form that will most certainly meet the needs of society at large. That to submit to a jury of known offenders the question of their own guilt, or of one of their creed, is a mockery of justice, too broad a farce to be longer tolerated, since oaths and laws are alike defied under the pretense of religion and conscience.

That fractionally-wived women should be held and treated as prostitutes, and polygamous men as bigamists or lechers, and a

Digitized by Google

plea of religious belief for such offenses should be made a felony and punished accordingly. Therefore,

Resolved, as the sense of the legislature of Wisconsin, that as the territorial government of Utah has been in fact seized upon by the church usually called "Mormon," and as it has been able to control a majority of electors in said territory favorable to permitting the objects to which it was created, and prohibiting its powers to the protection of crime and the degradation of citizens, it is the right and duty of congress to so alter the form and plan of government as will effectually meet the evils to be remedied, and to enforce reform, by adequate remedies, and that the constant reinforcement of this so called religious organization, by the sweepings of America and Europe should be legally discouraged if not directly prohibited.

MEMORIAL TO CONGRESS NO. 6.

Relating to Sturgeon Bay Ship Canal.

To the Honorable the Senate and House of Representatives of the United States, in Congress assembled:

The memorial of the Legislature of the State of Wisconsin respectfully represents:

That the interests of the commerce of the States of Wisconsin, Illinois and Michigan, passing in and out of Green Bay and the Fox and Wisconsin rivers and their tributaries, require the proper maintenance of the Sturgeon Bay ship canal; that it seems to us most desirable that the United States government have full control of all the waters of such large and necessary traffic and commercial importance both in times of war and times of peace, and that the interests of the general commerce of the lakes and the welfare of the United States, demand that said canal be kept free for all navigation; that the said canal, together with the harbor improvements now maintained and projected by the general government, forms a very necessary harbor refuge for the commerce of lake Michigan: Therefore your memorialist would respectfully ask that the United States government take said Sturgeon Bay ship canal upon such terms as are just and proper, and maintain the same for free and common navigation.

Resolved, That the Governor of this State be requested to transmit the foregoing memorial to the two houses of Congress, and to send a copy thereof to the Governors of the several States of Illinois and Michigan.

MEMORIAL TO CONGRESS, NO. 7.

For the establishment of a mail route between the city of Lancaster and village of Cassville in Grant county, Wisconsin.

To the Senate and House of Representatives of the United States, in Congress assembled:

The memorial of the legislature of the state of Wisconsin respectfully represents:

That a large number of citizens living between the city of Lancaster and the village of Cassville, especially at Hurricane Grove and Burton, in the county of Grant and state of Wisconsin, are deprived of proper mail facilities by reason of having but one mail per week, which is wholly inadequate to the wants of the public. Wherefore your memorialist respectfully asks that a mail route be established between the said city of Lancaster and village of Cassville, via Hurricane Grove and Burton, and that tri-weekly service be placed thereon.

[No. 4, S.]

MEMORIAL TO CONGRESS NO. 8.

Praying that the lands belonging to the United States within the limits of State Park of Wisconsin, be given to the State of Wisconsin for park purposes.

To the Honorable the Senate and House of Representatives of the United States, in Congress assembled:

The memorial of the Legislature of the State of Wisconsin respectfully represents:

That the rapid destruction of the forests of northern Wisconsin, especially along the rivers and water courses, has already seriously affected the navigability of those rivers, rendering them liable to closely following alternations of extreme low water and devastating floods.

That all the rivers of Wisconsin have their sources in the extreme northern part of the State, in or near the Wisconsin State Park, where thousands of small lakes, fed by living springs, closely connected by narrow channels and protected from evaporation by the yet unbroken forests, form the reservoir from which the water system of our state receives an unvarying supply.

That the State of Wisconsin, recognizing the necessity for protecting the forests surrounding the sources of her rivers, by chapter 324 of the laws of the State of Wisconsin for the year 1878, dedicated and set apart as a State Park all the lands belonging to the State of Wisconsin, lying in townships forty (40), forty one (41),

forty-two (42), forty-three (43), and forty-four (44) north, of range four (4), five (5), six (6), seven (7), eight (8), east of the fourth principal meridian in the State of Wisconsin.

That there is within the limits of the State Park a quantity of land still belonging to the United States, the sale or conveyance of which for private purposes would seriously impair the protective measures taken as aforesaid.

Your memorialist therefore respectfully asks that the public lands belonging to the United States within the towns above described be granted to the State of Wisconin, to be kept as a State Park forever.
